Anti-Dumping Review Panel  
Attention: Jaclyne Fisher

Department of Industry, Innovation and Science  
10 Binara Street  
CANBERRA CITY ACT 2601

Dear Ms Fisher,

**ADRP Review No. 2019/120 and ADRP Review No. 2019/121  
Hot Rolled Structural Sections exported from Japan, the Republic of Korea,  
Taiwan (except for exports by Feng Hsin Steel Co Ltd)  
and the Kingdom of Thailand (cases 499 and 505)**

The reinvestigation reports in relation to Anti-Dumping Review Panel (ADRP) Review Nos. 2019/120 and 2019/121 of hot rolled structural sections are currently due to the ADRP by Monday, 15 June 2020. As you are aware, I was provided with a timeframe of 60 days to conduct a reinvestigation of certain findings and report to the ADRP as required.

I request an extension of 53 days (to Friday, 7 August 2020), to provide my reinvestigation reports to the ADRP. I request this extension on the following grounds:

- the request has resulted in the Anti-Dumping Commission (the Commission) re-calculating the normal value for a number of exporters. These now need to be checked through the Commission's quality assurance processes and shared with the affected exporters;
- this will mean that I need to also consider whether the continuation of the measures is appropriate for certain exporters; and
- I propose to publish a preliminary reinvestigation report and will consider all submissions received within a reasonable timeframe in response, to provide interested parties with procedural fairness.

Please contact the case manager at [investigations1@adcommission.gov.au](mailto:investigations1@adcommission.gov.au) directly, should you require any clarification.

Yours sincerely
