

Australian Government
Anti-Dumping Review Panel

Customs Act 1901

Reconsideration of ADRP Review No. 88
Certain Hollow Structural Sections exported from the People's Republic of China
by Tianjin Youfa Steel Pipe Group Co Ltd

On 8 October 2020, the Federal Court of Australia ordered, by consent of the parties, that the decisions of the Minister for Industry, Science and Technology and the Anti-Dumping Review Panel (Review Panel) made in respect of ADRP Review No. 88 be set aside in so far as it relates to Tianjin Youfa Steel Pipe Group Co Ltd (Tianjin Youfa) and the matter be remitted to the Review Panel for reconsideration in accordance with law. A copy of the consent orders (file number VID825/2019) are available on the Review Panel's website.

The Review Panel's reconsideration will be conducted in accordance with its powers as outlined in Division 9 of Part XVB (Review by the Review Panel) of the *Customs Act 1901* (the Act). Please note that for the purposes of the reconsideration of this review:

- Conferences may be held in accordance with s.269ZZHA of the Act;
- The Review Panel can have regard to further information obtained through a conference pursuant to s.269ZZHA to the extent that it relates to relevant information (which is defined in s.269ZZK of the Act). It can also have regard to conclusions based on relevant information;
- A non-confidential summary of any conferences convened under s.269ZZHA of the Act will be placed on the Review Panel's website;
- Written submissions will not be accepted by the Review Panel in relation to this reconsideration of the reviewable decision;
- The Review Panel's report to the Minister will be given to the Minister as required by s.269ZZK of the Act; and
- The Review Panel's report will be published on the Review Panel's website after the Minister's decision is made.

The reviewable decision being reconsidered relates to Certain Hollow Structural Sections exported by Tianjin Youfa from the People's Republic of China.

The goods to which this review relates are:

certain electric resistance welded pipe and tube made of carbon steel, comprising circular and non-circular hollow sections in galvanised and non-galvanised finishes. The

goods are normally referred to as either CHS (circular hollow sections) or RHS (rectangular or square hollow sections). The goods are collectively referred to as HSS (hollow structural sections). Finish types for the goods include in-line galvanised (ILG), pre-galvanised or hot-dipped galvanised (HDG) and non-galvanised HSS.

Sizes of the goods are, for circular products, those –exceeding 21 mm up to and including 165.1 mm in outside diameter and, for oval, square and rectangular products those with a perimeter up to and including 1277.3 mm. Categories of HSS excluded from the goods are conveyor tube; precision RHS with a nominal thickness of less than 1.6 mm; and air heater tubes to Australian Standard (AS) 2556.

Persons wishing to make further inquiries about this review should telephone (02) 6276 1781. A copy of the original application for review, which set out the grounds for seeking review in full, and other documents are available on the public record of the review at www.adreviewpanel.gov.au

The reports of the original investigation are available on the ADC website at www.adcommission.gov.au
