Purpose

The purpose of this conference was to obtain further information in relation to the application before the Anti-Dumping Review Panel (Review Panel) in relation to A4 Copy Paper exported from the Federative Republic of Brazil, the People’s Republic of China, the Republic of Indonesia (Indonesia) and the Kingdom of Thailand.

The conference was held pursuant to section 269ZZHA of the *Customs Act 1901* (the Act).

In the course of the conference, I was able to ask parties to clarify any argument, claim or specific detail contained in their application or submission. The conference was not a formal hearing of the review, and was not an opportunity for parties to argue their case before me.

I have only had regard to information provided at this conference to the extent that it relates to relevant information within the meaning of section 269ZZK of the Act. Any conclusions reached at this conference are based on that relevant information. Information that relates to some new argument not previously put in an application or submission is not something that the Anti-Dumping Review Panel (Review Panel) may have regard to and, therefore, is not reflected in this conference summary.

At the time of the conference, I advised the participants:

Discussion

The specific information that the Review Panel sought in this conference relates to Ground One in the joint application from APRIL Far East (Malaysia) Sdn. Bhd. (AFEM) and PT Riau Andalan Kertas (RAK), and is referred to as the APRIL application. Following a conference held with the ADC on 8 October 2021, the ADC provided the confidential spreadsheet calculations regarding the export price. These were provided on 11 October 2021. This conference was convened to clarify information in the calculations provided.

The ADC referred to the confidential spreadsheets provided. It noted that with the change of export pricing calculation, there would be a change to the normal value due to different [REDACTED] [REDACTED] applying in the prices considered for dumping purposes. Additional calculations were provided by the ADC to reflect this change.

The Review Panel advised that the draft summary of this conference would be provided to the ADC within one working day, and it would be appreciated if any comments regarding the accuracy and confidentiality could be provided to the Review Panel Secretariat within two working days.
