**Anti-Dumping Review Panel**

*Customs Act 1901*

Notice under section 269ZZI

**Food Service and Industrial Pineapple exported from the Republic of the Philippines and the Kingdom of Thailand**

The Anti-Dumping Review Panel (Review Panel) has received an application from Golden Circle Limited (Golden Circle) seeking a review of a decision by the then Acting Minister for Industry, Science and Technology not to secure the continuation of anti-dumping measures applying to Food Service and Industrial Pineapple exported to Australia from the Republic of the Philippines and the Kingdom of Thailand (the Reviewable Decision).

The Reviewable Decision was published on the Anti-Dumping Commission (ADC) website on 6 October 2021 (ADN 2021/118).

The Review Panel is satisfied that the following grounds are reasonable grounds for the Reviewable Decision not being the correct or preferable decision:

1. The available evidence confirmed that, in the absence of measures, the Australian industry will likely incur material injury from future exports of food service and industrial pineapple from the Philippines and Thailand as the Australian growers of pineapple and Golden Circle embark on an increase in production strategy.
2. The ADC erred in law in its application of s.269ZHF(2) of the Act in stating that the threat of future material injury is not part of the test for the continuation of the measures.

The Review Panel proposes to conduct a review of the Reviewable Decision in relation to the above grounds.

The goods to which these applications relate are:

*Pineapple prepared or preserved in containers exceeding one litre (FSI pineapple).*
