Customs Act 1901

Notice under section 269ZZT(5)

Copper Tube exported from the People's Republic of China and the Republic of Korea

The Anti-Dumping Review Panel (ADRP) is currently conducting a review of decisions of the Commissioner of the Anti-Dumping Commission made under subsections 269TDA(1)(b)(i), 269TDA(2), 269TDA(13), 269TDA(1)(b)(ii) and 269TDA(3) of the *Customs Act 1901* (the Act) in respect of Copper Tube exported from the People's Republic of China and the Republic of Korea (the Reviewable Decisions). The Reviewable Decisions were published on the Anti-Dumping Commission (ADC) website on 12 November 2021 (ADN 2021/144).

On 4 February 2022, the ADRP initiated a review of the Reviewable Decisions, following applications for review by Metal Manufacturers Pty Ltd. Section 269ZZT(5) of the Act requires the ADRP to make a decision in relation to the Reviewable Decisions by 5 April 2022, unless I allow a longer period of time because of special circumstances. If I do consider that special circumstances exist, the ADRP's decision may be made within such longer period allowed by me.

On 25 March 2022, the ADRP requested an extension of time of 24 days to make its decision due to special circumstances. I am satisfied that there are special circumstances that prevent a decision under section 269ZZT(5) being made by 5 April 2022 and that it is appropriate to allow an extension of time for the ADRP to make its decision to 29 April 2022.

Accordingly, I have decided under section 269ZZT(5) of the Act to extend the period for the ADRP to make its decision to 29 April 2022.

Minister for Industry, Energy and Emissions Reduction
