1. Introduction

Abey Australia Pty Limited (**Abey**), as the applicable Australian industry member for the anti-dumping measures applying to Interchangeable Bolted Clipping System Brackets (**the subject goods**) from the People’s Republic of China, refers to the Anti-Dumping Review Panel (**ADRP**) notice dated 9 January 2026 commencing a review of a decision by the Minister for Industry and Science (**the Minister**) to publish a notice under section 269TG(1) and (2) of the *Customs Act 1901* in respect of the goods (**the Reviewable Decision**).

The application for review of the Reviewable Decision has been made on behalf of AC Plumbing Supplies Pty Ltd.

The Reviewable Decision concerns the application of anti-dumping measures on Chinese imports of the subject goods, as published on the Anti-Dumping Commission (**the Commission**) website on 2 October 2025 (Anti-Dumping Notice 2025/089).

Abey is the Australian manufacturer of like goods and was the applicant company that requested the Commission impose the anti-dumping measures the subject of this merits review. Abey therefore makes this submission in accordance with Section 267ZZJ9(a) of the Act.

2. Grounds for review

The Review Panel is satisfied that the following grounds are reasonable grounds for the Reviewable Decision not being the correct or preferable decision:

- i). Ground 1 - Incorrect reliance on section 269TAC(6) to determine the normal value.
- ii). Ground 2 - Normal values not in “ordinary course of trade”; and
- iii). Ground 3 - Erroneous determination of material injury, based on the following factors.

3. Support for the measures imposed

For the purposes of the administrative record, Abey expresses full support for the Ministers Reviewable Decision, and submits that it was both correct and preferable. Abey reserves the right to respond to information or arguments raised by other parties throughout the course of this merits review, and remains at the disposal of the Panel Member.
