Dear Ms Blumberg

ADRP Review No.177: Tomatoes, prepared or preserved exported from the Italian Republic

I refer to your letter of 18 May 2026 requesting the reinvestigation of certain findings in Anti-Dumping Commission Report No 654.

In your letter you requested that I report my findings to you by 16 October 2026. I am seeking an extension of 21 days (i.e. until 6 November 2026) to complete my reinvestigation and report my findings. I seek this extension for the following reasons:

- I have needed to obtain additional data from Australian industry members as part of the reinvestigation and additional time is needed to complete analysis of this data.
- I propose to publish a preliminary reinvestigation report and invite submissions. Consequently, sufficient time is required to enable interested parties to make submissions to the reinvestigation and in response to the preliminary reinvestigation report, and to consider any submissions in the formation of the final reinvestigation report.

Yours sincerely
