To the Anti-Dumping Commissioner,

**WIND TOWERS EXPORTED FROM THE PEOPLE'S REPUBLIC OF CHINA AND THE  
REPUBLIC OF KOREA – Invitation for Comment**

The Anti-Dumping Review Panel (ADRP) received and accepted applications by:

- Win&P., Ltd; and
- Senvion Australia Pty Ltd & Senvion Systems SE (collectively Senvion)

Both seeking review of a decision of the Parliamentary Secretary to the Minister for Industry to: **Publish a Dumping Duty Notice in relation to Wind Towers exported from the People's Republic of China and the Republic of Korea.**

The Reviewable Decision was published on **16 April 2014.**

The ADC report relevant to the applications for review is **Final Report No. 221** (Dumping)

Please find attached the electronic copy of the applications.

The ADRP invites the Anti-Dumping Commission (the Commission) to comment on the application/s. These comments will assist the ADRP's consideration of the claims made in the application/s. It would be of assistance to the ADRP's initial consideration of the application/s if the comments would please address the following, as relevant:

1. Identify any information provided with, or referred in, the application, that, in the view of the Commission, is not relevant information as defined in s.269ZZK(6) *Customs Act 1901*;
2. Identify any factual claims in the application that the Commission disputes, and refer to *relevant information* in that regard;
3. Provide some commentary on the grounds of the application, referring to *relevant information*; and
4. If it seems appropriate, any additional background information in relation to the matter, including referring to any relevant policy position or guidelines which impacted on the decision under review.

It would be of assistance if the ADC could provide photographs and technical drawings (if you have them) illustrating what might constitute a wind tower and embed and the physical relationship between them.
