Dear Mr Moore,

ADRP review – wind towers exported from China and Korea

I refer to your letter of 4 June 2014 that invites the Anti-Dumping Commission (the Commission) to comment on the applications for review of the decision by the Parliamentary Secretary to the Minister for Industry to publish a dumping duty notice in relation to wind towers exported from the People's Republic of China and the Republic of Korea.

The Commission appreciates the opportunity to comment on the application.

Given the current work demands across the Commission, I request an extension to your timeframe to ensure our response adequately responds to the matters raised by the applicants. The Commission response will be submitted by Monday 30 June 2014.

Yours sincerely
