Customs Act 1901
Notice under section 269ZZI

Zinc Coated (Galvanised) Steel and Aluminium Zinc Coated Steel exported from the People's Republic of China

The Anti-Dumping Review Panel received an application from the Government of China in relation to zinc coated galvanised steel and aluminium zinc coated steel exported from the People's Republic of China. The Government of China is seeking review of decisions by the Attorney-General to publish dumping notices and countervailing notices in relation to each of zinc coated (galvanised) steel and aluminium zinc coated steel.

The Attorney-General's decisions were published in *Commonwealth of Australia Gazettes* No C2013G01190, No C2013G01191, No C2013G01192 and No C2013G01193 accessible at www.comlaw.gov.au.

The goods to which these applications relate are classified to tariff subheadings 7210.49.00 (statistical codes 55,56,57 and 58), 7212.30.00 (statistical code 61); and 7210.61.00 (statistical codes 60,61, and 62) in Schedule 3 of the *Customs Tariff Act 1995*.

The ground for review is that the decisions were not the correct or preferable decisions. The applicant sets out various reasons in support of this ground that include the following:

- That the situation in the domestic markets for coated steel in China was not unsuitable for determining a price for normal value purposes (ie, in WTO parlance, that there was no “*particular market situation*” in the Chinese domestic markets) for the coated steel products concerned;
- That the Minister determines that the costs of the Chinese exporters are the costs set out in their financial records, without exception; and
- That the alleged subsidy Programs 1, 2 and 3 do not exist.

The Anti-Dumping Review Panel proposes to conduct a review of these decisions. Interested parties may make submissions to the Panel within 30 days after the date of publication of this notice.

Submissions may be emailed to ADRP_support@customs.gov.au, or sent by facsimile to (02) 6275 6784. Submissions may also be posted to the Anti-Dumping Review Panel, c/o Legal Services Branch, Australian Customs and Border Protection Service, 5 Constitution Avenue Canberra City ACT 2601. Persons wishing to make further inquiries about this review should telephone (02) 6275 5868. The documents on public file and a full list of reasons are available from www.adreviewpanel.gov.au.

The reports of the original investigation are available on the Anti-Dumping Commission website at www.adcommission.gov.au
