Subject: ADRP Review Panel - Submissions
Importance: High

Dear Sir/Madam,

This submission to the ADRP is in relation to the current review of Zhejiang Yueling Co., Ltd (Yueling) regarding aluminium road wheels exported from the Peoples Republic of China.

My name is [REDACTED]
I am the owner and sole Director of Shenzhou Yuntong Co.,Ltd (Desinty Ltd).
This is a Hong Kong company with a branch office in China.

I am listed on the ADP Commodities Register as a supplier of aluminium road wheels via Yueling.
My CCID No is CCY3644697N.

My submission is in regard to the Yueling (B) submission stating "That the ADC erred by disregarding information provided by Yueling for establishing export prices pursuant to Section 269TAB(4) of the act.

I have been informed by Yueling that the ADC had issues regarding the verification of FOB pricing from their factory.
[REDACTED]

So I will clarify.

1\ The issue of Shenzhou Yuntong Co Ltd and Destiny Ltd being the same company with 2 names was resolved in the initial investigation in 2012.

The ADC accepted all submitted information regarding this name issue. At no time during the 2015 review was Shenzhou Yuntong Co Ltd contacted by the ADC to be involved with the review.

2\ Shenzhou Yuntong Co.,Ltd was added to APC commodity register on the 13th September 2013 as a supplier from Yueling.

The email attached to the bottom of this email is from - **Stephen Gladwish** - Business and Client Support Administrator | Anti-Dumping Commission.

This email from the ADC accepts my company as a supplier from Yueling. The documentation format that I submitted is the same format as previously approved by the ADC for my company as a supplier of Zhejiang Jinfei Kaida Wheel Co., Ltd after the original SEF in 2012.

3\ During the original investigation in 2012, "arms length transactions" were reviewed accepted by the ADC regarding the flow of product and documents from my supplying factories in China to my customers in Australia via my Hong Kong Company. Nothing has changed since 2012. Every FOB invoice, every BOL, Packing Declaration and payment is handled in the same way it was prior to the new investigation.

The ADC accepted these documents when they approved my CCID No in 2013. I will follow up this with a secondary email containing the documents.

In addition, the ADC have not removed my company name as a supplier from Yueling. It is still current. So they clearly still accept the working methodology.

2\ Attached is my business registration certificate from Hong Kong for 2013. In Hong Kong you can have both a Chinese name and an English name for your company.

However Hong Kong banking ONLY allows you to use the English name, which is "Destiny Ltd".

Any further correspondence is welcome, thank you.

Kind Regards,

Good afternoon [REDACTED]

Thank you for your follow up email.

The exporter supplier relationship between Zhejiang Yueling Co Ltd and Shenzhou Yuntong Co Ltd (CCID:CCY3644697N) has now been established in ICS.

These amendments should be viewable within the updated DCR pages for aluminium road wheels - <http://www.adcommission.gov.au/system/documents/D87087091-130913.pdf>

Subsequently, the confidential rates for 17 and 20 inch ARWs manufactured by Zhejiang Yueling Co Ltd and supplied through Shenzhou Yuntong Co Ltd are as follows:

Dumping Specification No.	Product (inch)	Measure	Interim Countervailing Duty Ad Valorem Rate	Interim Dumping Duty Ad Valorem Rate	Ascertained Export Price (per number)	Export Price terms
[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]
[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]

Direction for collection of IDD and ICD

The amount of IDD and ICD payable shall be:

- ICD : The dumping export price (DXP) multiplied by the ICD Ad Valorem rate;
- IDD: DXP or the ascertained export price (AEP), whichever is the greatest, multiplied by the IDD Ad Valorem rate; plus the amount, if any, by which the DXP is lower than the AEP.

I hope this is of assistance.

Kind regards,

Stephen Gladwish
