

Australian Jobs Act 2013

AIP Plan reference code:

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: LEIGH CREEK OPERATIONS PTY LTD

Project details

Name: NeuRizer Urea Project (NRUP)

Location: Leigh Creek Mine Site, Leigh Creek, 5731, SA

Type: Other productive facility

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: The Leigh Creek Urea Project (LCUP) is Leigh Creek Energy's (ASX:LCK) flagship project, developing the only fully integrated carbon neutral nitrogen-based fertiliser for local and export agriculture markets. Located in South Australia, 550 kilometres north of Adelaide, the LCUP will initially produce 1Mtpa (with potential to increase to 2Mtpa) of urea. LCK has a comprehensive environment, social and governance strategy. It will provide long term economic development and employment opportunities for the communities of the Upper Spencer Gulf region, northern Flinders Ranges and South Australia. The LCUP will be developed in 2 commercial stages: Stage 1 consists of developing the upstream – syngas production and building the 5 MW gas fired power generation. Stage 2 consists of: 1. Continuing the expansion of upstream gasification fields; 2. up to 100MW power generation; 3. Ammonia facility; 4. Urea facility; and 5. Logistics, loading and transport.

Completion date: 31 Jan 2026

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Stage 1 Gas Engines (SMW Power Supply) Stage 1 Piping Fabrication Yes No	Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities

 $^{{}^{\}star}\!\text{An}$ Australian entity is an entity with an ABN or ACN

Project standards:

Australian

International

NRZ 'CQMR', specifies the use of and compliance with Australian Stds, even for overseas suppliers. Some specific 'Licensor' supplied equipment is built to other international and internal stds

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Raquel St. John

Contact person position Head of Contracts and Procurement - Operations

Phone number 0881329115

E-mail eoi@neurizer.com.au

Project proponent website: https://neurizer.com.au/project-opportunities/

Project opportunities website: https://neurizer.com.au/project-opportunities/ http://neurizerureaproject.icn.org.au

Supplier engagement and communication actions:

Promote project opportunities through industry associations

Engage with vendor identification agencies on project opportunities and bid processes

Issue media releases or ASX announcements on project developments and opportunities

Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation Encourage joint ventures and alliances between suppliers

Global supply chain integration actions:

Introduce suppliers to global supply chain partners

Facilitate strategic partnering and joint ventures between Australian and international suppliers

Feedback process for unsuccessful bidders:

NRZ will provide procurement entities with a Procurement Procedure. This will require provision of feedback to unsuccessful suppliers. Feedback will include advice on any required training or company development that would improve applicant's chances on future tenders.

Australian Industry Participation Plan Summary - Operations Phase

Nominated facility operator: LEIGH CREEK OPERATIONS PTY LTD

Facility details

Name: NeuRizer Urea Project (NRUP)

Location: Leigh Creek Mine Site, Leigh Creek, 5731, SA

Type: Other productive facility

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Operating the Plant (Staffing)	Yes	No	
Maintenance	Yes	No	
Logistics	Yes	No	
Railway Link to Port (Operation & Maintenance)	Yes	No	
Port Loading Operations	Yes	No	
Medical & Fire Fighting Services	Yes	No	
Catering & Cleaning Services	Yes	No	
Supply of Water	Yes	No	
Drilling	Yes	No	
Distribution of product	Yes	No
