## Australian Industry Participation Plan Summary - Project Phase

---

**Nominated project proponent:** RECHARGE INDUSTRIES PTY LTD

**Other project proponent(s):**

### Project details

Name: Project Recharge

Location: Victoria

Type: Factory

Purpose: Establish new facility

Capital expenditure: \$ 1,080,000,000

Description: Project Recharge will design, construct and operate a large-scale lithium-ion battery cell production facility at Avalon, Victoria to operate in parallel to the State of New York facility, which is in production with the first batteries produced in Q3, 2022. U.S. based battery technology company Charge CCCV LLC (C4V) initially executed a territory exclusivity agreement and then a licensing agreement with US based firm, Scale Facilitation Partners LLC. Scale Facilitation Partners LLC in turn established an Australian holding entity, Recharge Industries Pty Ltd which has obtained the exclusive perpetual license to exploit the intellectual property (IP). Recharge Industries Pty Ltd, has since established an entity Recharge Production Pty Ltd, and sub-licensed the IP to this Australian entity that will commercialize the IP portfolio in Australia.

Completion date: 30 Jun 2025
