Contact person for procurement information:

Name: Malcolm Wong

Phone number: 0413238691

Email address: mwong@kmsands.com.au

2. Opportunities to supply goods and services

List of goods and services to be procured for the project and the expected opportunity for industry participation	Opportunities for Australian suppliers *	Opportunities for international suppliers
Process Plant and associated infrastructures	Yes	No
Road & Access tracks	Yes	No
Village Infrastructure, being additional accommodation units and ancillary buildings.	Yes	No
Upgrade of IT & Communications	Yes	No
Tailing Storage Facility	Yes	No
Borefield Establishment	Yes	No

Owners works broadly comprising of: (1) Accommodation village services and infrastructure	Yes	No
Owners works broadly comprising of: (2) Operational Readiness / G&A	Yes	No
Owners works broadly comprising of: (3) Spares, first fills and ops equipment	Yes	No
Owners works broadly comprising of: (4) Mining Services and Pit development	Yes	No
Owners works broadly comprising of: (5) Site preparation and construction materials	Yes	No
Owners works broadly comprising of: (6) Owners project development team (labour, including engagement of external consultants/engineers/etc).	Yes	No

* An Australian supplier means an entity that has an ABN or an ACN

Disclaimer: The information provided in the table above is based on an initial assessment by the company. Any questions or issues should be raised with the project contact.

- Australian standards and certifications will be required for the key goods and services in this project.

3. Communicating and providing opportunities

- Project website OR Project supplier portal
- Liaison with industry associations
- Public announcements
- Social media
- Workshops/industry briefings
- Development of supplier information guide
- Promote opportunities to Australian industry in the early stages of the project, including information on how to prequalify
- Make tender documents available to all possible suppliers at the same time
- Allow reasonable and equal time for submissions/responses
- Conduct workshops that provide sector specific information on how to prepare bids against tenders including information on how to prequalify
- Include requirement in tender documents that successful tenderers comply with AIP plan
- Include contractual arrangements with suppliers to outline AIP arrangements
- Establish reporting requirement that shows how the AIP plan has been implemented
- Require EPC or EPCM company to engage with and involve Australian industry
- All tenders from Australian and overseas suppliers will be assessed on the same basis
- The organisation will ensure all AIP plan obligations will flow down to contractors and subcontractors

4. Facilitating future opportunities

- Support and assist project suppliers to adopt specific standards and accreditations
- Recommend training and certification that enhance the ability of project suppliers to obtain additional business in Australia and overseas
- Encourage project suppliers to undertake research and development and innovative activities
- Introduce project suppliers to global companies or suppliers
- Provide references for high performing suppliers
- Provide unsuccessful tenderers with appropriate feedback to encourage future performance

5. Implementation resources

- The organisation will record and/or retain evidence to demonstrate implementation of the approved AIP plan
- Develop and implement standard contractual arrangements with suppliers to give Australian industry opportunities to participate
- Develop systems to monitor and report on the extent of Australian industry participation
