## Australian Industry Participation Plan Summary - Project Phase

---

**Nominated project proponent:** GPT PLATFORM PTY LIMITED

**Other project proponent(s):**

HB & B PROPERTY PTY LTD

### Project details

Name: Deer Park Estate

Location: 179 Tilburn Road, Deer Park, Vic, 3023

Type: Other productive facility

Purpose: Establish new facility

Capital expenditure: \$500 million - \$1 billion

Description: 179 Tilburn Road, Deer Park, is located 15 Kilometers west of Melbourne CBD, and is 66-hectare in size. The site has the potential to accommodate over 330,000 square meters of prime logistics space once fully developed. It is expected the site will deliver much needed modern industrial accommodation within the increasingly constrained West Melbourne industrial precinct, where occupiers are continuing to seek high quality, well located facilities in the face of limited supply. The warehouses to be constructed will include tenancies ranging from 2,000m<sup>2</sup> to 100,000m<sup>2</sup> + gross floor area. The project will be delivered in multiple stages over a 5 to 6 year period, with the first stage of works commencing mid to late 2025. We will be engaging a number of head contractors throughout the duration of the project to deliver the various stages/ work packages. The appointed head contractors will then be responsible for commencing the procurement of trades and materials. The appointment of the Head Contractor for the early works and stage 1 works is expected between May 2025 and July 2025. Noting that the process will be open.

Completion date: 30 Nov 2029

## Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Civil road & drainage supplies (drainage pipes, fill material, road material)	Yes	No
