Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: NEWMONT MINING SERVICES PTY LTD

Project details

Name: Newmont Tanami Pty Ltd

Location: Tanami Desert, Northern Territory

Type: Mine or quarry

Purpose: Upgrade existing facility

Capital expenditure: \$1 billion - \$2 billion

Description: Newmont Mining has mine operations located in the Tanami Desert of the Northern Territory of Australia. These operations comprise the Granites Processing plant, located 560 km north-west of Alice Springs and 940 km south west of Darwin and Dead Bullock Soak (DBS), located 42 km to the west of The Granites Processing Plant. The TE 2 project aims to provide a deepening and expansion of the Callie Underground Mine at DBS to access ore at depth and increase production to 3.2 million tonnes per annum. Procurement activities are expected to commence in mid-2019 with construction commencing in early 2020 subject to a final investment decision in late 2019.

Completion date: 27 Jun 2026
