Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: BEACH ENERGY (OPERATIONS) LIMITED

Project details

Name: Otway Offshore Phase 6 Project

Location: Otway Basin, Offshore Victoria

Type: Petroleum facility

Purpose: Upgrade existing facility

Capital expenditure: \$500 million or more

Description: Beach Energy is a key supplier to Australia's East Coast domestic gas market producing domestic gas through existing infrastructure located in the Otway Basin, offshore Victoria. Within the Otway Basin, Beach extracts natural gas and hydrocarbon liquids from the Thylacine field via the Thylacine A offshore platform, transporting it to shore to the Otway Gas Plant (OGP) near Port Campbell in Victoria. The Thylacine Platform is connected to the OGP via the Otway Gas Production Pipeline (OGPP) which comprises a 70 km offshore and a 11 km onshore section. The Otway Offshore Phase 6 Project includes the facilities installation activities to tie-back the successful Equinox Drilling Campaign wells, including Artisan and LaBella, to the existing OFPP subsea pipelines. The Project includes: detailed design and engineering; installation and connection to the existing infrastructure; and brownfields activities, to facilitate production through the OGP. The Project is subject to approval by Beach's Board and associated Joint Venture Partners with Final Investment Decision (FID) planned for 2H 2026.

Completion date: 30 Jun 2029

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Subsea Production Controls	Yes	Yes	
Subsea Structures Fabrication	Yes	Yes	
Diving Intervention and Tie-In	Yes	Yes	
Diving Interface Structure Fabrication	Yes	Yes	
Subsea Umbilicals	Yes	Yes	
Subsea Installation and Tie-In	Yes	Yes	
Subsea Flowlines	Yes	Yes	

* An Australian entity is an entity with an ABN or ACN

International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Kate Shuttleworth
Contact person position Contracts and Procurement Specialist- Offshore
Phone number 0863742476
E-mail OOP6.Project@beachenergy.com.au

Project proponent website: <https://beachenergy.com.au/vic-otway-basin/>

Project opportunities website:

<https://icn.org.au/>

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Develop and distribute a supplier information guide for the project

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Encourage Australian entities to undertake research and development and innovative activities

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback:

The project proponent will ensure that its procurement entities offer, and if requested, provide feedback to Australian entities whose bids to supply key goods or services for the project have not been successful. Feedback will include recommendations about any relevant training, skills capability and capacity development.
