Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: HAMERSLEY IRON PTY. LIMITED

Project details

Name: Parker Point Stockyard Sustaining Project

Location: Parker Point, Dampier WA

Type: Wharf or other port facility

Purpose: Upgrade existing facility

Capital expenditure: \$500 million or more

Description: The Project includes the design, procurement, installation, and commissioning of the new bucketwheel reclaimers including associated structural, mechanical, electrical and communications services. The Project also includes the design and construction of associated off- board scope including bulk earthworks, civil infrastructure, structural works and electrical upgrades to support the functionally safe operation of the new reclaimers. The Proponent has engaged Bechtel (Western Australia) Pty Ltd as the Project's Engineering, Procurement and Construction Management (EPCM) contractor. The EPCM contractor does not have authority to commit funds on behalf of the procurement entity. All Contracts will be under Hamersley Iron Pty. Limited (ACN 004 558 276). The Proponent's primary forum for seeking Australian industry participation will be via the Rio Tinto Buy Local platform. It is anticipated that Australian suppliers will have the capability to participate in the majority of the packages that will be tendered for the Project.

Completion date: 31 Jan 2029
