Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: LRL (AUST) PTY LTD

Project details

Name: Kathleen Valley Lithium Tantalum Project

Location: Goldfields Highway 49, Leinster/Wiluna WA 6437

Type: Mine or quarry

Purpose: Establish new facility

Capital expenditure: \$500 million - \$1 billion

Description: LRL (Aust) Pty Ltd (LRL), is a wholly owned subsidiary of ASX-listed Lontown Resources Limited a resource company located in Perth, and Operator of the Kathleen Valley Lithium-Tantalum project (KV Project) located in the north-eastern Goldfields region, 60km North on Leinster, approximately 680km northeast of Perth. The primary focus of KV Project will be the extraction of lithium with a secondary focus on tantalum. The Project operating phase has an expected mine life of over 20 years. Mine site infrastructure includes:

Accommodation village; Two open pits for initial mining; Portals for underground mining; Hybrid PowerStation; Supporting infrastructure including workshops, warehouses, storage facilities and administrative buildings. LRL's procurement approach is focused on the Australian market as dealing with Australian entities greatly reduces LRL's risk profile. LRL is the managing and procurement entity for the KV Project. LRL has engaged the Industry Capability Network WA (ICN WA) to be a pivotal connection between LRL's major project opportunities and Australian entities. Major packages awarded: PowerStation, mining contracts, aviation services, product haulage and process plant construction. Major packages remaining: Reagents; Accommodation village Cement; Raise boring; Labour hire and maintenance support; Underground services infrastructure; General consumables; Fabrication and engineering services. LRL internal process documents and standards for procurement and bidding/contract formation will embed the AIP plan requirements. LRL as the Operator will ensure the AIP plan is adhered to and objectives met. Project phase completion est. date: 30.06.2024 Operational phase est. start: 01.07.2024

Completion date: 30 Jun 2024
