

Australian Jobs Act 2013

AIP Plan reference code: NXZC62AK

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: ARROW ENERGY PTY LTD

Project details

Name: Surat Gas Project - Jammat

Location: Kogan, Queensland (Surat Basin)

Type: Other productive facility

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: Arrow is an incorporated joint venture owned 50/50 by Shell and PetroChina. The Surat Gas Project (SGP) in southern Queensland, is Arrow Energy's world-scale project to commercialise the majority of its Surat Basin gas reserves (about five trillion cubic feet (TCF)). Over the full 27-year life of the SGP, Arrow expects to develop around 5 TCF of natural gas from approximately 2,500 wells. Arrow has sanctioned the first two phases of the SGP, with most of the construction work well progressed and on track for completion. This Australian Industry Participation notification relates to the third phase of activity in the SGP. Phase three of the project, with construction scheduled to commence from late 2026, will bring up to an additional 115TJ/day of gas to market over 27 years, and will include but is not limited to: - Approximately 143 new gas wells around the Kogan region including gathering network. - Construction of a new Inlet Processing Facility (IPF). Peak construction is anticipated 2026 - 2027.

Completion date: 31 May 2028

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Jammat Inlet Processing Facility	Yes	Yes	
HDPE Pipeline	Yes	No	
Telecom Towers	Yes	No	

* An Australian entity is an entity with an ABN or ACN

Project standards:

Australian
International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Robert Blue
Contact person position Procurement Manager
Phone number 0730124596
E-mail robert.blue@arrowenergy.com.au

Project proponent website: <https://www.arrowenergy.com.au/suppliers-contractors/contracting-opportunities>

Project opportunities website:

<https://gateway.icn.org.au>

Supplier engagement and communication actions :

Promote project opportunities through industry associations
Conduct supplier information briefings on project opportunities and bid processes
Issue media releases or ASX announcements on project developments and opportunities
Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Encourage joint ventures and alliances between suppliers
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback:

The project proponent will ensure that its procurement entities offer, and if requested, provide feedback to Australian entities whose bids to supply key goods or services for the project have not been successful. Feedback will include recommendations about any relevant training, skills capability and capacity development.
