

Australian Jobs Act 2013

AIP Plan reference code: RTSB7KCY

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: SENEX ENERGY PTY LTD

Project details

Name: Atlas and Roma North Natural Gas Development Expansion

Location: Western Downs, Queensland

Type: Other productive facility

Purpose: Upgrade existing facility

Capital expenditure: \$1 billion - \$2 billion

Description: Atlas East & Roma North Expansion Projects, Surat Basin, Queensland: Senex is investing more than A\$1 billion to boost natural gas supply for the east coast domestic market through the Atlas and Roma North Natural Gas Development Expansion (the Project). This investment will more than double Senex's production, with Senex targeting 60 petajoules (PJ) of natural gas supply to the east coast market, equivalent to more than 10 percent of annual eastern Australian gas demand. The project has several major capital works being undertaken to supply gas into the East Coast gas network. Key project components of the Atlas and Roma North expansions include: 1. Continuing drilling operations for expansion wells (ongoing works) 2. Well connectivity including civil works for drill pads & access tracks, gathering pipeline infrastructure and well facility installation. (ongoing works) 3. Bulk earthworks, civil works and piling for Gas Processing Facilities (complete) 4. Construction of the Atlas East and Roma North Processing Facilities (Atlas nearing completion, Roma Nth underway) 5. Construction of the Atlas to Reedy Creek Pipeline (complete) and the Roma North Export Pipeline (underway) 6. Construction of new water facilities (dams, treatment, irrigation etc.) (ongoing) 7. Supply of materials in support of the above. (ongoing) Construction activities to date have included all of the above components with Atlas well progressed and Roma North underway. Senex has a strong commitment to engaging Australian suppliers. One of the key criteria of the Senex procurement standards is to ensure Australian, local or regional business have appropriate opportunities to participate in procurement processes. Senex undertakes the majority of its procurement activities itself rather than outsourcing this work. The project is closed and there will be no further tender works under this program.

Completion date: 31 Dec 2025

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Compression & End of Life (EOL): Balance of Plant	Yes	Yes	
Compression: Building & infrastructure: Sheds, Control Room, Chemical Storage	Yes	Yes	
Compression & EOL - Bulk Earthworks	Yes	Yes	
Compression & EOL: Civil Construction	Yes	Yes	

Compression & EOL: Compressors – Supply, Reassemble, Transport and Storage	Yes	Yes
Compression & EOL: Control Systems	Yes	Yes
Compression & EOL: Crane Services	Yes	Yes
Compression & EOL: Diesel Fuel Supply	Yes	Yes
Compression & EOL: Electric Drives & Variable Speed Drives	Yes	Yes
Compression & EOL: Flare packages	Yes	Yes
Compression & EOL: Generators	Yes	Yes
Compression & EOL: High Voltage/Low Voltage Switchrooms	Yes	Yes
Compression & EOL: Non-Destructive Testing Inspection and Testing Services	Yes	Yes
Compression & EOL: Oily Water System	Yes	Yes
Compression & EOL: Potable Water	Yes	No
Compression & EOL:Power Station– Engineering & Instrumentation, Design, Procure	Yes	Yes
Compression & EOL: Pressure Safety Valves supply	Yes	Yes
Compression & EOL:Tanks & Pumps	Yes	Yes
Compression & EOL: thermoelectric generator supply, reassembly and storage	Yes	Yes
Compression & EOL:Piling Services	Yes	Yes
Wells & Gathering: Choke and Manual valves supply	Yes	Yes
Wells & Gathering: Civil Construction	Yes	Yes
Wells & Gathering: Fabrication & Supply of Carbon Steel Assemblies	Yes	Yes
Wells & Gathering: Gathering Network Construction Services	Yes	Yes
Wells & Gathering: Horizontal Directional Drilling Services	Yes	Yes
Wells & Gathering: Polyethylene Pipe & Fittings	Yes	Yes
Wells & Gathering: Trunkline construction and skids	Yes	Yes
Wells & Gathering: Polyethylene Valves supply	Yes	Yes
Wells & Gathering: Road Crossing Services	Yes	No
Wells & Gathering: Wellsite Genset supply	Yes	Yes
Drilling & Completion: Cementing Services and Tools	Yes	No
Drilling & Completion: Drilling Rig Services and Directional Drilling Equipment	Yes	Yes
Drilling & Completion: Wireline Services	Yes	Yes
Drilling & Completion: Waste management	Yes	No
Drilling & Completion: Drilling Fluids Materials and Services	Yes	Yes
Drilling & Completion: Wellheads	Yes	Yes
Drilling & Completion: OCTG - Oil Country Tubular Goods	Yes	No
Drilling & Completion: Driveheads	Yes	Yes
Drilling & Completion: Coring Services	Yes	Yes
Water Management Plant: Balance of Plant Construction	Yes	Yes
Water Management Plant: Civil Construction	Yes	Yes
Water Management Plant: High-density Polyethylene Pipe and Fittings	Yes	Yes

Water Management Plant: Leak Detection Systems	Yes	Yes
Water Management Plant: Tank Assembly	Yes	Yes
Water Management Plant: Camera Services	Yes	No
Water Management Plant: Gen Sets Supply	Yes	Yes
Water Management Plant: Sump Pumps for dams	Yes	Yes
Water Management Plant: Pressure Safety Valves	Yes	Yes
Pipeline: Pipeline Construction and Control Systems	Yes	Yes
Pipeline: Pressure Safety Valves and Manual Valves	Yes	Yes
Pipeline: Geotech Consulting and Drilling	Yes	Yes
Pipeline: Gas Chromatograph	Yes	Yes
Pipeline: Gas Scrubber	Yes	Yes
Pipeline: Line Pipe and Induction Bends	Yes	Yes
Pipeline: Pig Launcher/Receiver skids/Barred Tees Pig Signaller	Yes	Yes
Pipeline: Pressure and Temperatures transmitters	Yes	Yes
Pipeline: Survey services	Yes	Yes
Pipeline: Flowmeters	Yes	Yes
Pipeline: Offskid piping	Yes	Yes
Pipeline: Instrumentation Services	Yes	Yes
General services: Helicopter Services:	Yes	No
General services: Freight and Logistics and Transport	Yes	Yes
General services: Traffic Control Services	Yes	No
General services: Field Company Representatives	Yes	No
Compression & End of Life (EOL): Balance of Plant	Yes	Yes

An Australian entity is an entity with an ABN or

ACN Project standards:

- Australian
- International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Chris Marandola
Contact person position Contract & Procurement team
Phone number 0733359000
E-mail procurement@senexenergy.com.au

Project proponent website: <https://senexenergy.com.au/where-we-operate/atlas/>

Project opportunities website:

<https://senexenergy.com.au/supply-to-senex/>

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Develop and distribute a supplier information guide for the project
- Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Provide market intelligence to suppliers

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback:

The project proponent will ensure that its procurement entities offer, and if requested, provide feedback to Australian entities whose bids to supply key goods or services for the project have not been successful. Feedback will include recommendations about any relevant training, skills capability and capacity development.
