# Australian Industry Participation Plan Summary - Project Phase

---

**Nominated project proponent:** Barn Hill Wind Farm Pty Ltd

## Project details

Name: Barn Hill Wind Farm

Location: Barunga Ranges of the Mid-North region of South Australia

Type: Electricity facility

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: The Barn Hill Wind Farm (the Project) is situated at Barn Hill in the Barunga Ranges in the Mid-North region of South Australia, between the Clements Gap and Snowtown Wind Farms. The project extends across two local government areas; Port Pirie Regional Council and Wakefield Regional Council. The Project will comprise of up to 50-Wind Turbine Generators (WTGs) and associated infrastructure. The Project would be connected to South Australia's energy Transmission network; with electricity generated to be used for the sale of electricity to the public. WTG suppliers are still being finalised; however, based on suitable WTG models available, WTGs will have a tip height of up to 250 m and a maximum generating capacity of up to 7.2 MW. The maximum combined generating capacity of the project would be 360 MW. Currently the Project is in the final stages of securing planning and environmental approvals. Once this is completed procurement can be finalised and appointed entities will be contractually required to comply with the approved AIP plan.

Completion date: 11 Jan 2028

## Key goods and services

Indicative list of key goods and services to be acquired for the project:

<b>Key goods and services</b>	<b>Opportunities for Australian entities*</b>	<b>Opportunities for non-Australian entities</b>	<b>Explanation for no opportunities for Australian entities</b>
Supply, Installation and Commissioning of Wind Turbine Generators	Yes	Yes	
Supply and installation of steel towers for Wind Turbine Generators	Yes	No	
Civil Balance of Plant works	Yes	No	
Wind Turbine Generators Foundation Design and Construction	Yes	Yes	
Civil Engineering and Design services	Yes	No	
Construction Services	Yes	No	
Cable Installation	Yes	No	
Cable Supply	Yes	Yes	
Electrical Equipment	Yes	Yes	
Electrical Engineering and Design services	Yes	Yes	
Substation / Switchyards	Yes	Yes	
Plant Hire	Yes	No	
Transport	Yes	No	
Labour Hire	Yes	No	
Traffic Management Services	Yes	No	
Materials Supply (e.g. quarry, concrete & reinforcing)	Yes	No	
Supply of Fuel/Oil	Yes	No	
Accommodation/Meals/Entertainment	Yes	No	

\* An Australian entity is an entity with an ABN or ACN

Project standards:

Australian  
International

## Supplier information and communication

Project proponent's contact person for supplier enquiries:

**Contact person name** Natalie Leighton  
**Contact person position** Project Manager  
**Phone number** 0299212209  
**E-mail** nleighton@agl.com.au

Project proponent website: <https://www.agl.com.au/about-agl/how-we-source-energy/barn-hill-wind-farm-and-battery>

Project opportunities website:

TBC

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Directly contact suppliers with information on project opportunities and bid processes

## Building Australian industry capability

Supplier capability development actions:

- Provide market intelligence to suppliers
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback:

The project proponent will ensure that its procurement entities offer, and if requested, provide feedback to Australian entities whose bids to supply key goods or services for the project have not been successful. Feedback will include recommendations about any relevant training, skills capability and capacity development.

# Australian Industry Participation Plan Summary - Operations Phase

---

**Nominated facility operator:** Barn Hill Wind Farm Pty Ltd

## Facility details

Name: Barn Hill Wind Farm

Location: Barunga Ranges of the Mid-North region of South Australia

Type: Electricity facility

## Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Services and Maintenance for the Wind Farm Facility	Yes	No	

\*An Australian entity is an entity with an ABN or ACN

Facility standards:

- Australian
- International

## Supplier information and communication

Facility operator's contact person for supplier enquiries:

**Contact person name** Natalie Leighton  
**Contact person position** Project Manager  
**Phone number** 0299212209  
**E-mail** nleighton@agl.com.au

Facility operator website: <https://www.agl.com.au/about-agl/how-we-source-energy/barn-hill-wind-farm-and-battery>

Facility opportunities website: <https://www.agl.com.au/about-agl/how-we-source-energy/barn-hill-wind-farm-and-battery> This webpage is currently operational however there are no active opportunities posted at this time, when opportunities for procurement become available they will be posted here.

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Directly contact suppliers with information on project opportunities and bid processes

## Building Australian industry capability

### Supplier capability development actions:

- Provide market intelligence to suppliers
- Support supplier development initiatives of industry associations or governments

### Global supply chain integration actions:

- Provide references for high performing suppliers
