Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: ARROW ENERGY PTY LTD

Project details

Name: Surat Gas Project - Phase two

Location: Miles, Queensland (Surat Basin)

Type: Other productive facility

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: Arrow is an incorporated joint venture owned 50/50 by Shell and PetroChina. The Surat Gas Project (SGP) in southern Queensland, is Arrow Energy's world-scale project to commercialise the majority of its Surat Basin gas reserves (about five trillion cubic feet (TCF)). Over the full 27-year life of the SGP, Arrow expects to develop around 5 TCF of natural gas from approximately 2,500 wells. Arrow has sanctioned the first phase of the SGP, with most of the construction work well progressed and on track for completion. This Australian Industry Participation notification relates to the second phase of activity in the SGP. Phase two of the project, with construction scheduled to commence from late 2024, will bring an additional 130TJ/day of gas to market over 27 years, and will include but is not limited to: - Approximately 250 new gas wells around the Miles region including gathering network. - Construction of a new Field Compression Station (FCS) and a Steel Export Pipeline. - Construction of a Metering & Flare Package at the existing Shell-QGC operated McNulty FCS. - Construction of a new Hybrid Power Station under an Independent Power Producer Agreement. Peak construction is anticipated 2025 - 2027. Subsequent phases Arrow's future plans include: - Additional wells and associated gathering to expand across Arrow's Surat tenure areas - construction of another new Field Compression Station at Lynwood, south of Arrow's Tipton development - construction of another Inlet Processing Facility (IPFs) at the Shell-QGC operated Jammatt FCS. An AIPP will be prepared as required for subsequent development phases, following shareholder approval of this later activity.

Completion date: 30 Apr 2027

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Girrahween Compression Gas Processing Facility and Water Transfer Station	Yes	No	
Girrahween Satellite Warehouse & Operations Office Facility	Yes	No	
Girrahween Switchrooms - Design and Supply including Start-up Support Services	Yes	Yes	
Supply of Steel Linepipe and Bends	Yes	Yes	
Drilling Rigs and Associated Drilling Services	Yes	No	
Girrahween Power Purchase Agreement	Yes	No	
Girrahween Ground Flare	Yes	Yes	
Girrahween Plant Automation System	Yes	Yes	
Girrahween Dry Gas Metering	Yes	Yes	
Girrahween Pumps	Yes	Yes	
Girrahween Inlet Filters	Yes	Yes	
Girrahween Compressed Air Package	Yes	Yes	

* An Australian entity is an entity with an ABN or ACN

Project standards:

- Australian
- International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Robert Blue
Contact person position Procurement Manager
Phone number 0730124596
E-mail robert.blue@arrowenergy.com.au

Project proponent website: <https://www.arrowenergy.com.au/suppliers-contractors/contracting-opportunities>

Project opportunities website:

<https://gateway.icn.org.au/project/1766/arrow-energy?st=projects&psid=1588291874>

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Encourage joint ventures and alliances between suppliers
- Indigenous Entrepreneur Program

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback:

The project proponent will ensure that its procurement entities offer, and if requested, provide feedback to Australian entities whose bids to supply key goods or services for the project have not been successful. Feedback will include recommendations about any relevant training, skills capability and capacity development.
