# Australian Industry Participation Plan Summary - Project Phase

---

**Nominated project proponent:** WIMMERA PLAINS ENERGY FACILITY PTY LTD

**Other project proponent(s):**

WIMMERA PLAINS ENERGY FACILITY STAGE 2 PTY LTD

## Project details

Name: Wimmera Plains Energy Facility

Location: Northeast of Horsham, VIC

Type: Electricity facility

Purpose: Establish new facility

Capital expenditure: \$500 million or more

Description: Wimmera Plains Energy Facility (Project) is located approximately 10km northeast of Horsham in western Victoria, on land both to the east and west of the north-south Henty Highway. The project area and its surrounding area are sparsely populated and used primarily for cropping. Project site and its surrounds are situated within the Wimmera Plains and are relatively flat and lie at an elevation of between 130m and 145m Australian Height Datum. Project involves the installation, operation, maintenance and decommissioning of up to 52 wind turbine generators, a 100MW/400MWh battery storage, ancillary infrastructure and temporary facilities associated with construction of Project. Project financing will be used to fund the project. Project construction and grid connection will occur in two stages. The conceptual staging plan for the Project involves: Stage 1 - 182.4MW Capacity will be connected to the existing 220kV transmission line which runs through the Project Area. Stage 2 - 114MW Capacity will be connected to the existing 220kV line when the planned upgrading work is completed. Stage 2 will be dependent on the upgrading work of the existing 220kV line. A summary of key project milestones for Wim Stage 1 is provided below. Milestone dates are estimates and subject to change: - Development approval: Q1, 2021 - Construction commencement: Q2, 2026 - Construction completion: Q3 2028 - Commissioning: Q3 2028 Head contract for the wind farm EPCM is anticipated to be appointed at the end of Q2 2026.

Completion date: 30 Mar 2029

## Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Wind turbines (Nacelles, hubs and blades)	Yes	Yes	
Quarry Materials	Yes	No	
Concrete Materials	Yes	No	
Reinforcing Steel	Yes	Yes	
Electrical Cabling	Yes	Yes	
Electrical Transmission line poles and Towers	Yes	Yes	
Electrical Substation Equipment	Yes	Yes	
International Shipping and logistics	Yes	Yes	
Domestic Transport and logistics	Yes	Yes	
Design and Construction of Roads	Yes	No	
Construction of Electrical substation	Yes	No	
Erection and installation of Wind turbines	Yes	Yes	
Project Management Services	Yes	Yes	
Power Conversion System	Yes	Yes	
Battery Energy Storage system	Yes	Yes	
Civil works for foundation and road	Yes	No	
Scada, communication and security system	Yes	No	
Nacelles, hubs and blades	Yes	Yes	
Turbine Towers supply	Yes	Yes	
wind turbine generator supply and installation	Yes	Yes	

\* An Australian entity is an entity with an ABN or ACN

Project standards:

- Australian
- International

## Supplier information and communication

Project proponent's contact person for supplier enquiries:

**Contact person name** Jang Kim  
**Contact person position** Head of Development  
**Phone number** 0491217132  
**E-mail** jang.kim@baywa-re.com

Project proponent website: <https://www.baywa-re.com.au/en/landingpages/wimmera-plains-energy-facility>

Project opportunities website:

<https://www.baywa-re.com.au/en/landingpages/wimmera-plains-energy-facility>

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Directly contact suppliers with information on project opportunities and bid processes

## Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Provide market intelligence to suppliers

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback:

The project proponent will ensure that its procurement entities offer, and if requested, provide feedback to Australian entities whose bids to supply key goods or services for the project have not been successful. Feedback will include recommendations about any relevant training, skills capability and capacity development.

# Australian Industry Participation Plan Summary - Operations Phase

---

**Nominated facility operator:** WIMMERA PLAINS ENERGY FACILITY PTY LTD

## Facility details

Name: Wimmera Plains Energy Facility

Location: Northeast of Horsham, VIC

Type: Electricity facility

## Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

<b>Key goods and services</b>	<b>Opportunities for Australian entities*</b>	<b>Opportunities for non-Australian entities</b>	<b>Explanation for no opportunities for Australian entities</b>
Maintenance services - facility maintenance	Yes	Yes	
Civil maintenance	Yes	No	
Battery Energy Storage System equipment maintenance	Yes	No	
Scada and Communications management	Yes	No	
Wind turbine Maintenance services - facility maintenance	Yes	Yes	
Special labour hire - turbine technicians	Yes	Yes	
Quarry Materials (fix road during operation)	Yes	Yes	

\*An Australian entity is an entity with an ABN or ACN

Facility standards:

- Australian
- International

## Supplier information and communication

Facility operator's contact person for supplier enquiries:

**Contact person name** Jang Kim  
**Contact person position** Head of Development  
**Phone number** 0491217132  
**E-mail** jang.kim@baywa-re.com

Facility operator website: <https://www.baywa-re.com.au/en/landingpages/wimmera-plains-energy-facility>

Facility opportunities website:

Supplier engagement and communication actions :
