

Australian Jobs Act 2013

AIP Plan reference code:

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: PERTH AIRPORT PTY LTD

Project details

Name: Perth Airport Expansion Project

Location: Perth Airport, WA

Type: Airport

Purpose: Upgrade existing facility

Capital expenditure: \$500 million or more

Description: The New Terminal is designed to enhance passenger experience and operational efficiency. Key elements include spacious check-in areas equipped with the latest self-service kiosks, streamlined security screening zones, and modern baggage handling systems to minimise wait times. The terminal features a variety of retail and dining options, comfortable lounges, and advanced wayfinding signage to facilitate easy navigation. Sustainable building materials and energy-efficient technologies are integrated throughout, supporting environmental initiatives. Additionally, the terminal offers improved accessibility features for travellers with reduced mobility, as well as expanded customs and immigration facilities to accommodate increased international traffic. New Runway - Runway: 3Km's - Construction timeline PC: Mid 2028, Contract is a Lump Sum Construct Only The New Runway is constructed to meet growing air traffic demands and ensure future capacity. Its key elements include a state-of-the-art surface engineered for durability and all-weather operations, advanced lighting and navigation systems for enhanced safety, and extended length and width to accommodate a wide range of aircraft, including larger international jets. The runway is supported by upgraded taxiways and rapid-exit routes to reduce taxi times and increase operational efficiency. Noise mitigation measures and environmental management systems are incorporated to minimise the impact on surrounding communities, while robust drainage and safety zones ensure compliance with the highest safety standards. No government funding is provided.

Completion date: 20 Jan 2031

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Consulting Services including design and engineerin	Yes	Yes	
Civil works including bulk earthworks, drainage and pavements	Yes	Yes	
Building structure and facade (including roofing)	Yes	Yes	
Building Fitout	Yes	Yes	
Building Services	Yes	Yes	
Navigational Aids	Yes	Yes	
Specialist systems and equipment	Yes	Yes	
All building related goods and services will be procured by the Head Contractor	Yes	Yes	

* An Australian entity is an entity with an ABN or ACN
