Australian Industry Participation Plan Summary – Project Phase

Nominated project proponent:

RTA Weipa Pty Ltd

Project details

Project name:

Kangwinan Project

Location:

Cape York Peninsula, Queensland

Type:

Mine or quarry

Purpose:

Upgrade existing facility

Capital expenditure:

\$1 billion - \$2 billion

Description:

The proposed Kangwinan Project seeks to expand the existing mining operations at Rio Tinto's Amrun mine site located on Western Cape York peninsula, approx. 40 kms southwest of Weipa.

The proposed Project, if approved, would include:

- Expansion of the existing bauxite mine.
- Construction of processing facilities (ore transfer station (truck dump), run of mine stockpile, beneficiation plant, new stacker, stockyard expansion).
- Construction of non-processing mine infrastructure (heavy vehicle workshops, offices, heavy vehicle refueling facility, water supply, water pipeline and associated reticulation network, communications infrastructure and heavy and light vehicle road networks)
- Expansion of the existing Chith Export Facility to construct a second berth on the northern side including extending the existing Shiploading conveyor.
- Construction of an overland conveyor.
- Construction of a new tailings storage facility.
- Camp facilities and temporary infrastructure.

The Project Proponent intends to adopt a competitive bidding approach for procurement activities. All procurement entities procuring goods and services over 1 million or more will be contractually required to comply with the approved AIP Plan.

To support Australian industry involvement, all such procurement entities will list subcontracting opportunities on the ICN Gateway in an agreed format. Each listing will remain open for a minimum of 10 business days to allow Australian suppliers of goods and services to register their interest.

Procurement entities will be encouraged to consider the list of interested Australian suppliers

provided by the ICN and will be required to apply consistent and transparent evaluation criteria to all potential subcontractors as part of the selection process.

The project has engaged an EPCM contractor to deliver the project. These procurement-related activities are expected to occur progressively between Q3 2025 and Q4 2027, in alignment with the Project schedule.

Estimated completion date:

31/03/2029

Key goods and services

Indicative list of key goods and services to be acquired for the project:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Supply of Marine Equipment including port berthing equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Electrical Equipment and Bulk Materials	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Instrumentation and Bulk Materials	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Pipe, Fittings and Valves	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Control Systems	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Prefabricated Buildings and Rooms	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Precast Concrete	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Embed Bolts	Opportunities for Australian entities Opportunities for non-Australian entities	

Supply of Concrete and Reinforced Steel Bars	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Reinforced Earth Wall	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of General Consumables	Opportunities for Australian entities	
Supply of Health and Safety Equipment (includes plant and personal items)	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Port Facility Equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Services for Construction Labour	Opportunities for Australian entities	
Services of Plant and Equipment Hire	Opportunities for Australian entities Opportunities for non-Australian entities	
Services for Dredging	Opportunities for Australian entities Opportunities for non-Australian entities	
Services for Accommodation	Opportunities for Australian entities	
Services for Training	Opportunities for Australian entities	
Services for Waste Management	Opportunities for Australian entities	
Services for Medical and Emergency Services	Opportunities for Australian entities	
Services for Passenger and Materials Transport (sea, land and air)	Opportunities for Australian entities Opportunities for non-Australian entities	
Services for Logistics and Storage	Opportunities for Australian entities	
Services for Materials Handling	Opportunities for Australian entities Opportunities for non-Australian entities	
Services for Legal and Professional Services	Opportunities for Australian entities	
Services for Project Engineering	Opportunities for Australian entities	

	Opportunities for non-Australian entities	
Services for Port Facility Services	Opportunities for Australian entities Opportunities for non-Australian entities	
Services for Telstra	Opportunities for Australian entities	
Supply and Fabrication - Conveyors	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply and Fabrication - Process Modules and Equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Plant Sizers	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Geotextiles and HDPE Pipe, Fittings and Liners	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply and Fabrication - Electrical Switchrooms	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Water Treatment	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Various Pumps	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Apron Feeder	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Conveyer Belts	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Precast Concrete and Articulating Concrete Block Revertment	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Rail Mounted Stacker	Opportunities for Australian entities	

	Opportunities for non-Australian entities	
Supply of Tertiary Crusher Starter	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Tertiary Crusher and Starter	Opportunities for Australian entities Opportunities for non-Australian entities	
Supply of Structural Steel and Tanks	Opportunities for Australian entities Opportunities for non-Australian entities

Project Opportunities Website

List of websites:

Is this website active?	Is this website active?	Date the website is expected to go live:
https://gateway.icn.org.au/projects/15382	Yes	

Supplier engagement and communication actions:

Engage with vendor identification agencies on project opportunities and bid processes
 Conduct supplier information briefings on project opportunities and bid processes
 Issue media releases or ASX announcements on project developments and opportunities
 Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation
Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

Introduce suppliers to global supply chain partners, Support suppliers to register with global supplier databases

Feedback:

Confirm you, and/or your procurement entities will offer and, if requested, provide feedback to unsuccessful Australian entities whose bids to supply key goods or services for the project have not been successful
Confirm feedback provided to unsuccessful bidders will include any recommendations of relevant training, skills, capability and capacity development
Confirm you will collect written evidence of feedback offered or provided to unsuccessful bidders
