Australian Industry Participation Plan Summary – Project Phase

Nominated project proponent:

VICKERY COAL PTY LTD

Project details

Project name:

Vickery Extension Project

Location:

25km's North of Gunnedah

Type:

Mine or quarry

Purpose:

Establish new facility

Capital expenditure:

\$500 million - \$1 billion

Capital expenditure:

☒ Confirm the total project estimated capital expenditure value will be \$500 million or more

Description:

The Vickery Extension Project would involve the development of a 10Mtpa open cut predominately metallurgical coal mine with associated Coal Handling and Preparation Plant (CHPP), train load out facility, rail spur and mine infrastructure.
The main activities associated with the development of the Project are use of open cut mining equipment to extract ROM coal at a maximum rate of 10 Mtpa construction and operation of mine infrastructure areas, including ROM pads, workshops, offices an on-site CHPP and rail load out facility, construction and operation of a Project rail loop and rail spur (including associated local road level crossings) to connect the Project to the Maules Creek Coal Mine and Boggabri Coal Mine rail spur and the Werris Creek Mungindi Railway on-site excavation and production of waste rock and gravel construction fill materials for use in Project rail spur and road construction construction of 66 to 22 kV electricity substations and 66 kV powerline to supply mine infrastructure areas construction and operation of ancillary infrastructure in support of mining including, haul roads, electricity supply, consumable storage areas, light vehicle roads and access tracks construction and use of water supply bores associated pump and pipeline systems construction and use of dams, sediment basins, up-catchment diversions, channels, dewatering

bores and other water management infrastructure required to operate the Project and construction and use of other associated minor infrastructure and plant and other minor activities

The Feasibility Study (FS) was presented to the WHC Board in August 2025 and the decision was to pause the project until further notice.

There will be no new large tenders in the foreseeable future until the WHC's Board gives their financial approval for the project.

Estimated completion date:

31/12/2031

Key goods and services

Indicative list of key goods and services to be acquired for the project:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Mobile Diesel Equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Coal Handling Process Plant Equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Mining Equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Office Supplies	Opportunities for Australian entities	
Water Infrastructure Equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Pre-cast concrete products (culverts, sleepers, beams)	Opportunities for Australian entities Opportunities for non-Australian entities	
Steel Rail	Opportunities for Australian entities Opportunities for non-Australian entities	
Pre-fabricated buildings	Opportunities for Australian entities Opportunities for non-Australian entities	

High voltage equipment and cabling	Opportunities for Australian entities Opportunities for non-Australian entities	
Accommodation services	Opportunities for Australian entities	
Engineering and design services	Opportunities for Australian entities Opportunities for non-Australian entities	
Project Management services	Opportunities for Australian entities

Email address:

pwade@whitehavencoal.com.au

Project Proponent Website

Project proponent website:

<https://whitehavencoal.com.au/our-business/our-assets/vickery-extension-project/>

Project Opportunities Website

List of websites:

Is this website active?	Is this website active?	Date the website is expected to go live:
https://whitehavencoal.com.au/suppliers/	Yes	

Supplier engagement and communication actions:

Promote project opportunities through industry associations
 Conduct supplier information briefings on project opportunities and bid processes
 Issue media releases or ASX announcements on project developments and opportunities
 Develop and distribute a supplier information guide for the project

Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation
Provide market intelligence to suppliers

Global supply chain integration actions:

Provide references for high performing suppliers

Feedback:

Confirm you, and/or your procurement entities will offer and, if requested, provide feedback to unsuccessful Australian entities whose bids to supply key goods or services for the project have not been successful
Confirm feedback provided to unsuccessful bidders will include any recommendations of relevant training, skills, capability and capacity development
Confirm you will collect written evidence of feedback offered or provided to unsuccessful bidders

Australian Industry Participation Plan Summary – Operations Phase

Nominated facility operator:

VICKERY COAL PTY LTD

Facility details

Facility name:

Vickery Extension Project

Location:

25km's North of Gunnedah

Type:

Mine or quarry

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Explosives	Opportunities for Australian entities Opportunities for non-Australian entities	
Spare parts for mining and CHPP equipment	Opportunities for Australian entities Opportunities for non-Australian entities	
Fuel and Lubricants	Opportunities for Australian entities Opportunities for non-Australian entities	
Operational Consumables	Opportunities for Australian entities Opportunities for non-Australian entities	
Chemicals and Industrial Gases	Opportunities for Australian entities Opportunities for non-Australian entities	
Waste Management	Opportunities for Australian entities	

Repairs and servicing	Opportunities for Australian entities	
Contract Labour	Opportunities for Australian entities	
Equipment hire	Opportunities for Australian entities
