Australian Industry Participation Plan Summary – Project Phase

Nominated project proponent:

APT MANAGEMENT SERVICES PTY LIMITED

Project details

Project name:

Burrup (Murujuga) Transmission Project

Location:

Between the Maitland Strategic Industrial Area (SIA) and the Burrup SIA, Pilbara

Type:

Electricity facility

Purpose:

Establish new facility

Capital expenditure:

\$500 million - \$1 billion

Description:

The Burrup (Murujuga) Transmission Project will deliver a high capacity, high voltage electricity link between the Maitland Strategic Industrial Area (SIA), the proposed Ngarluma Aboriginal Corporation's Green Energy Park (GEP), and the Burrup SIA, with interconnection to the Northwest Interconnected System (NWIS). The system will be built future ready, using single structure, double circuit 330kV designs to support diverse energy generation and scalable industrial demand. The alignment enables connections for initial customers and future load growth. The Project will be delivered in two stages, with Stage 1 designed to streamline later expansion and optimise capital expenditure.

Stage 1 includes approximately

- 22km of 330kV single circuit transmission line (dual circuit ready) from Maitland SIA to the GEP
- 8km of 132 kV dual circuit transmission line from the GEP to Horizon Power's Karratha Terminal
- 7 km of 330kV single circuit transmission line (dual circuit ready) between the Burrup Peninsula and Damp

Estimated completion date:

30/11/2028

Key goods and services

Indicative list of key goods and services to be acquired for the project:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Services - Flights (Perth to Karratha)	Opportunities for Australian entities	
Services - Owners Engineer	Opportunities for Australian entities	
Services - Civil works	Opportunities for Australian entities	
Goods - Structural Steel	Opportunities for Australian entities Opportunities for non-Australian entities	
Goods - Switchgear	Opportunities for Australian entities Opportunities for non-Australian entities	
Goods - HV and LV Cable	Opportunities for Australian entities Opportunities for non-Australian entities	
Services - Steel fabrication	Opportunities for Australian entities Opportunities for non-Australian entities	
Services - Transmission towers/poles fabrication	Opportunities for Australian entities Opportunities for non-Australian entities	
Goods - Concrete supply	Opportunities for Australian entities	
Goods - Transformers	Opportunities for Australian entities Opportunities for non-Australian entities	
Goods - Control Buildings	Opportunities for Australian entities Opportunities for non-Australian entities	
Services - Accommodation	Opportunities for Australian entities	
Services - Freight and Logistics	Opportunities for Australian entities Opportunities for non-Australian entities	
Services - Plant and equipment hire	Opportunities for Australian entities	

Services - Crane hire	Opportunities for Australian entities	
Services - Piling	Opportunities for Australian entities	
Services - Engineering Design	Opportunities for Australian entities Opportunities for non-Australian entities	
Goods - Control and Protection Systems	Opportunities for Australian entities Opportunities for non-Australian entities	
Services - Power System Modelling	Opportunities for Australian entities Opportunities for non-Australian entities	
Services - Substation Construction	Opportunities for Australian entities	
Services - Transmission Line Construction	Opportunities for Australian entities	
Goods - HV Circuit Breakers	Opportunities for Australian entities Opportunities for non-Australian entities	
Goods - HV Isolators	Opportunities for Australian entities Opportunities for non-Australian entities	
Services - Electrical Works	Opportunities for Australian entities	
Services - Principal EPC Contractor	Opportunities for Australian entities	

Project standards:

Australian, International

Supplier information and communication

Project Proponents Contact Person

Project proponent's contact person for supplier enquires.

Contact person's name:

Chris Keygan

Contact person's position:

Sourcing Manager

Phone number:

0733236100

Email address:

Chris.Keygan@apa.com.au

Project Proponent Website

Project proponent website:

Project Opportunities Website

List of websites:

Is this website active?	Is this website active?	Date the website is expected to go live:
https://www.apa.com.au/operations-and-projects/electricity-transmission/electricity-transmission/burup-murujuga-corridor	Yes	

Supplier engagement and communication actions:

Issue media releases or ASX announcements on project developments and opportunities
Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation
Provide market intelligence to suppliers

Global supply chain integration actions:

Provide references for high performing suppliers

Feedback:

Confirm you, and/or your procurement entities will offer and, if requested, provide feedback to unsuccessful Australian entities whose bids to supply key goods or services for the project have not been successful
Confirm feedback provided to unsuccessful bidders will include any recommendations of relevant training, skills, capability and capacity development
Confirm you will collect written evidence of feedback offered or provided to unsuccessful bidders

Australian Industry Participation Plan Summary – Operations Phase

Nominated facility operator:

APT MANAGEMENT SERVICES PTY LIMITED

Facility details

Facility name:

Burrup (Murujuga) Transmission Project

Location:

Between the Maitland Strategic Industrial Area (SIA) and the Burrup SIA, Pilbara

Type:

Electricity facility

Key goods and services
