Australian Industry Participation Plan Summary – Project Phase

Nominated project proponent:

Alinta Energy (Cataby) Pty LTD

Project details

Project name:

Cataby Power Station

Location:

Mimegarra Road, Cataby WA 6507

Type:

Electricity facility

Purpose:

Establish new facility

Capital expenditure:

\$500 million - \$1 billion

Description:

Cataby Power station is a greenfield electricity generation facility development and construction project which is envisaged to produce up to 400MW of gas fired generation.

The project will be undertaken using a multi-contracting procurement solution, whereby tenders are released for components of the work. Planned work packages in the multi-contracting solution include the supply of the gas fired generators and a design and construction package. Additionally, the project plans on placing components of the design and construction package onto the ICN (Industry Capability Network) Gateway to allow for local business to express interest in providing their services to the project.

Procurement for the project has been ongoing since late 2025 when a request for proposal was released to suppliers. The project is currently undergoing contract negotiations, the approvals process and early phase engineering design with an eye towards making a final investment decision in late 2026 as outlined in the provided project timeline/schedule. Onsite Construction is planned to commence in mid 2027 with a target project completion set for the second quarter of 2030.

Currently there is no funding grants or investments organised for the project.

Estimated completion date:

25/05/2030

Key goods and services

Indicative list of key goods and services to be acquired for the project:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Civil Works : Office/control Room ,Warehouse, Powerhouse, Bulk Earthworks and Pavement Concrete excavation, Binding, Form, Reinforce, Pour Foundations	Opportunities for Australian entities Opportunities for non-Australian entities	
Electrical Works: Power transformer, Primary Plant 330kV, Switchgear, Electrical Buildings (Control and Switchgear), Aux Transformers	Opportunities for Australian entities Opportunities for non-Australian entities	
Mechanical Works: Fire Water Tanks, Fire Water Pumps, Dry Fire, Potable Water Treatment Plant , Oily Water Treatment Plant, Raw Water Tans and Rain Water tanks, GPRS	Opportunities for Australian entities Opportunities for non-Australian entities	
Mechanical Works: Sumps and Sum Pumps, Septic Tank, Oil/Water Separator (purceptor) , Compressed Air Package, Tanks, Surface Coating, Manual and Control Valves	Opportunities for Australian entities Opportunities for non-Australian entities	
Mechanical Works: Instrumentation, Pipes and Fittings, Lube Oil Pumps and Water Pumps, Lube Oil Tanks	Opportunities for Australian entities Opportunities for non-Australian entities	
General Works: Equipment Hire, Temporary Construction Facilities Hire, Waste Collections, Vehicle Hire, Fuel Supply, Liquid Waste Removal,	Opportunities for Australian entities Opportunities for non-Australian entities	
General Works: Construction Facilities Cleaning, Steel Fabrication	Opportunities for Australian entities Opportunities for non-Australian entities	

Project standards:

Australian, International

Project Opportunities Website

List of websites:

Is this website active?	Is this website active?	Date the website is expected to go live:
https://gateway.icn.org.au/projects/20992	Yes	

Supplier engagement and communication actions:

Promote project opportunities through industry associations
Engage with vendor identification agencies on project opportunities and bid processes
Conduct supplier information briefings on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation
Encourage joint ventures and alliances between suppliers
Support supplier development initiatives of industry associations or governments
Provide onsite or internal training or accreditation

Global supply chain integration actions:

Provide references for high performing suppliers

Feedback:

Confirm you, and/or your procurement entities will offer and, if requested, provide feedback to unsuccessful Australian entities whose bids to supply key goods or services for the project have not been successful
Confirm feedback provided to unsuccessful bidders will include any recommendations of relevant training, skills, capability and capacity development
Confirm you will collect written evidence of feedback offered or provided to unsuccessful bidders

Australian Industry Participation Plan Summary – Operations Phase

Nominated facility operator:

ALINTA ENERGY (CATABY) PTY LTD

Facility details

Facility name:

Cataby Power Station

Location:

Mimegarra Road, Cataby WA 6507

Type:

Electricity facility

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:
