Australian Industry Participation Plan Summary – Project Phase

Nominated project proponent:

TRANSPORT FOR NSW

Project details

Project name:

Bandon Road Upgrade Project - Sections 3 and 4

Location:

Vineyard NSW 2765

Type:

Land transport facility

Purpose:

Upgrade existing facility

Capital expenditure:

\$500 million - \$1 billion

Description:

The Bandon Road corridor forms a key component of the North West Growth Centre (NWGC) Road Network Strategy, providing essential infrastructure to support increasing population and employment growth and development across Marsden Park North, Riverstone West, Riverstone, and Vineyard precincts.

The Project (with its connection to developer proposed Riverstone West Spine Road between Bandon Road and Garfield Road West) aims to increase the efficiency and resilience of the regional transport network by reducing heavy-vehicle movements through Riverstone Town Centre, alleviating delays at the congested Garfield Road rail crossing and providing an alternate grade separated rail crossing in the NWGA, improving everyday network capacity, efficiency and reliability during incidents. It further supports future transport demand by improving access to Vineyard train station, improving bus priority facilities, encouraging public transport mode share and delivering an off-road shared pedestrian and cycling path to enhance accessibility for all users.

Key features that will be delivered in the priority eastern section are a new four lane divided road between Windsor Road and a new intersection east of Wallace Road with a wide central median to improve road safety and allow for future widening, an off-road shared path for pedestrians and cyclists, an upgrade and realignment of the existing flood evacuation route on Wallace and Bandon roads a new southern connection road that connects the upgraded Bandon Road to Hamilton Street and Riverstone Parade Planning continues for the progress of the other sections of the Bandon Road Corridor, along with construction of the early safety work near Vineyard St.

The procurement approach to the project involves a 3-phase accelerated procurement process comprising of an Expression of Interest to the market via BuyNSW, followed by a Request for Tender comprising Phase 2 non-priced Tender submission and Phase 3 priced Tender submission.

Estimated completion date:

5/07/2030

Key goods and services

Indicative list of key goods and services to be acquired for the project:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Services - Bulk Earthworks - procured by Head Contractor	Opportunities for Australian entities	
Services - Pavements and asphaltting - procured by Head Contractor	Opportunities for Australian entities	
Goods/services - Drainage - procured by Head Contractor	Opportunities for Australian entities	
Goods/services - Utility Relocations - procured by Head Contractor	Opportunities for Australian entities

Project Opportunities Website

List of websites:

Is this website active?	Is this website active?	Date the website is expected to go live:
https://buy.nsw.gov.au/opportunity	Yes	

Supplier engagement and communication actions:

Engage with vendor identification agencies on project opportunities and bid processes
Issue media releases or ASX announcements on project developments and opportunities
Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation
Provide onsite or internal training or accreditation

Global supply chain integration actions:

Provide references for high performing suppliers

Feedback:

Confirm you, and/or your procurement entities will offer and, if requested, provide feedback to unsuccessful Australian entities whose bids to supply key goods or services for the project have not been successful
Confirm feedback provided to unsuccessful bidders will include any recommendations of relevant training, skills, capability and capacity development
Confirm you will collect written evidence of feedback offered or provided to unsuccessful bidders
