Australian Industry Participation Plan Summary – Project Phase

Nominated project proponent:

CLARKE CREEK ENERGY PTY LTD

Project details

Project name:

Clarke Creek Wind Farm (Stage 1)

Location:

Clarke Creek, QLD

Type:

Electricity facility

Purpose:

Establish new facility

Capital expenditure:

\$1 billion - \$2 billion

Description:

Clarke Creek Wind Farm is located approximately 150 km north-west of Rockhampton in Central Queensland. It has State and Federal planning approval for a 450 MW wind farm consisting of between 100 wind turbine generators, electrical substations, 275 kV overhead lines, 33 kV underground/overhead power lines, internal roads and operations and maintenance facilities. It is now connected into the PowerLink electricity grid through the Broadsound 275 kV substation on the existing network. The project has been developed by Clarke Creek Energy Pty Ltd CCE.

Clarke Creek Wind Farm has been constructed under a multi-contract structure, consisting of the following core packages.

- Civil Balance of Plant CBoP to facilitate design and construction of the civil and structural works,
- Electrical Balance of Plant EBoP to facilitate the design and construction of the electrical and structural works,
- Wind Turbine Supply and Install TSI commitment for Goldwind to supply and install all of the wind turbine equipment for the project
- Warranty, Operations and Maintenance WOM Agreement for Goldwind to maintain all of the wind turbine equipment
- Accommodation Camp contract to construct and operate the construction accommodation facility,
- Synchronous Condenser supply and installation contract
- Generator Connection and Access Agreement for construction of the electrical works and
- Public roads contracts for the offsite road works.

Estimated completion date:

31/01/2026

Key goods and services

Indicative list of key goods and services to be acquired for the project:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Civil Balance of plant	Opportunities for Australian entities Opportunities for non-Australian entities	
Electrical Balance of Plant	Opportunities for Australian entities Opportunities for non-Australian entities	
Synchronous condenser supply and install	Opportunities for Australian entities Opportunities for non-Australian entities	
Accommodation Camp Supply and install	Opportunities for Australian entities	
Offsite roadworks	Opportunities for Australian entities	
Earthmoving and Equipment supply	Opportunities for Australian entities	
Concrete supply	Opportunities for Australian entities	
Reinforced steel supply	Opportunities for Australian entities	
Trenching and cable laying	Opportunities for Australian entities	
High and medium voltage electrical equipment supply	Opportunities for Australian entities Opportunities for non-Australian entities	
High voltage transmission line construction	Opportunities for Australian entities	
Building Construction	Opportunities for Australian entities	
Crane and mechanical equipment supply	Opportunities for Australian entities Opportunities for non-Australian entities	
Design, Legal, Insurance, Logistics Services	Opportunities for Australian entities	
Environment and planning services	Opportunities for Australian entities	

Material Products supply (e.g. quarried stone, sand)	Opportunities for Australian entities	
Water carting services	Opportunities for Australian entities	
Fencing Contractors	Opportunities for Australian entities	
Hospitality services	Opportunities for Australian entities	
Wind turbine tower manufacture	Opportunities for Australian entities Opportunities for non-Australian entities	
Wind Turbine Generator and Tower deliveries	Opportunities for Australian entities Opportunities for non-Australian entities	
Wind Turbine Generator and Tower Installation	Opportunities for Australian entities Opportunities for non-Australian entities	
Wind Turbine Generator Manufacture	Opportunities for Australian entities Opportunities for non-Australian entities

Australian, International

Supplier information and communication

Project Proponents Contact Person

Project proponent's contact person for supplier enquires.

Contact person's name:

Kirrily Hawker

Contact person's position:

Asset Manager

Phone number:

0409014852

Email address:

kirrily.hawker@squadronenergy.com

Project Proponent Website

Project proponent website:

www.squadronenergy.com

Project Opportunities Website

List of websites:

Is this website active?	Is this website active?	Date the website is expected to go live:
https://gateway.icn.org.au/projects/4232	Yes	

Supplier engagement and communication actions:

Promote project opportunities through industry associations
Conduct supplier information briefings on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

Recommend suppliers undertake training and/or accreditation
Transfer new product and process technology to suppliers
Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

Support suppliers to register with global supplier databases, Support supplier export and global integration initiatives of industry associations or governments, Provide references for high performing suppliers

Feedback:

Confirm you, and/or your procurement entities will offer and, if requested, provide feedback to unsuccessful Australian entities whose bids to supply key goods or services for the project have not been successful
Confirm feedback provided to unsuccessful bidders will include any recommendations of relevant training, skills, capability and capacity development
Confirm you will collect written evidence of feedback offered or provided to unsuccessful bidders

Australian Industry Participation Plan Summary – Operations Phase

Nominated facility operator:

CLARKE CREEK ENERGY PTY LTD

Facility details

Facility name:

Clarke Creek Wind Farm (Stage 1)

Location:

Clarke Creek, QLD

Type:

Electricity facility

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Operation and maintenance of wind turbines	Opportunities for Australian entities	
Operation and maintenance of Electrical balance of plant	Opportunities for Australian entities	
Operation and maintenance of Synchronous condenser	Opportunities for Australian entities Opportunities for non-Australian entities	
Asset Management services	Opportunities for Australian entities	
Legal, insurance and planning services	Opportunities for Australian entities	
Network connection services	Opportunities for Australian entities
