Australian Industry Participation Plan Summary – Project Phase

Nominated project proponent:

The Trustee for Supernode North BESS Project Trust

Project details

Project name:

Supernode North BESS

Location:

Bidwilli Rd, Calcium QLD 4816

Type:

Electricity facility

Purpose:

Establish new facility

Capital expenditure:

☒ Confirm the total project estimated capital expenditure value will be \$500 million or more

Description:

Supernode North is a proposed 780 MW, eight-hour battery energy storage system at the Lansdown Eco-Industrial Precinct near Townsville. The project includes containerised batteries and inverters, a 275 kV substation and transmission connection to Powerlink's proposed Calcium Substation, together with transformers, switchgear, control systems, roads, drainage, security, operations facilities and other supporting infrastructure. Procurement of long-lead equipment is planned to commence in Q2 2027, with construction commencing in Q4 2027 and project completion targeted for Q2 2029. The project is presently being developed as a privately financed project. No Australian Government funding, grant or investment has been committed to the project at this stage.

Estimated completion date:

30/06/2029

Key goods and services

Indicative list of key goods and services to be acquired for the project:

List of key goods and services:

An Australian entity is an entity with an ABN or CAN.

Key goods and services	Opportunity for entities	Explanation for no opportunities for Australian entities
Bulk earthworks	Opportunities for Australian entities	
Warehousing, offices and sitewide facilities	Opportunities for Australian entities	
Flora, fauna and vegetation management	Opportunities for Australian entities	
Battery Energy Storage Systems (BESS)	Opportunities for Australian entities Opportunities for non-Australian entities	
Medium Voltage Power Stations (MVPS also known as PCS)	Opportunities for Australian entities Opportunities for non-Australian entities	
BESS Balance of Plant (BoP)	Opportunities for Australian entities	
Main power transformers	Opportunities for Australian entities Opportunities for non-Australian entities	
275 kV primary plant and switchgear	Opportunities for Australian entities Opportunities for non-Australian entities	
Substation Balance of Plant (BoP)	Opportunities for Australian entities	

Project standards:

Australian, International
