

Australian Jobs Act 2013

Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: OZ MINERALS PROMINENT HILL OPERATIONS PTY LTD

Project details

Name: Prominent Hill Expansion

Location: Prominent Hill, South Australia

Type: Mine or quarry

Purpose: Upgrade existing facility

Capital expenditure: \$500 million or more

Description: OZ Minerals is currently conducting a Feasibility Study (FS) for the expansion of the Prominent Hill underground mine. The base case materials handling system consists of underground truck loading chutes, underground primary crushing station, skip loading station, production hoisting system and surface materials handling infrastructure. The majority of procurement will occur in Q4 2021 and H1 2022 during which time the civil and shaft development works and equipment procurement will commence. OZ Minerals will undertake most procurement directly. Major contractors may also elect to subcontract some aspects of their work during the project, in which case they will be required to comply with this AIP plan. The Prominent Hill copper-gold mine is located in South Australia, 650 km north-northwest of Adelaide, approximately 130 km southeast of Coober Pedy and 150 km northwest of Roxby Downs.

Completion date: 30 Jun 2025

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
Concrete	Yes	No	
civil foundations	Yes	No	
shaft sinking and lining	Yes	Yes	
shaft services	Yes	Yes	
conveyors	Yes	Yes	
belt weigher	Yes	Yes	
road construction and maintenance	Yes	Yes	
HV cable supply	Yes	Yes	
HV installation	Yes	Yes	
modifications to process plant equipment	Yes	Yes	
Fuel distribution systems	Yes	Yes	
workshops	Yes	Yes	
crib rooms and refuge chambers	Yes	Yes	
Upgrade of paste plant/system	Yes	Yes	
Friction Hoist Supply	Yes	Yes	
Winder Rope Supply	Yes	Yes	
Winder Rope Attachment Supply	Yes	Yes	
Grizzly Panel Supply	Yes	Yes	
Truck Loading Chute Supply	Yes	Yes	
Primary Crusher Supply	Yes	Yes	
Crane Supply	Yes	Yes	
Underground Switchroom Supply and Install	Yes	Yes	
Surface Switchroom Supply and Install	Yes	Yes	
HV VSD Supply	Yes	Yes	
Primary Ventilation Fan Supply	Yes	Yes	
Refrigeration Machine Supply	Yes	Yes	
Condenser Cooling Tower Supply	Yes	Yes	
Bulk Air Cooler Supply	Yes	Yes	
Ventilation/Cooling Installation	Yes	Yes	
Crusher Installation	Yes	Yes	
Transformer Supply and Installation	Yes	Yes	
Hoist/Winder and Rope Installation	Yes	Yes	
Communications Supply and Install	Yes	Yes	
Pump Supply	Yes	Yes	
SMP Installation	Yes	Yes	
Headframe Fabrication and Installation	Yes	Yes	
Sky Shaft Infrastructure Supply and Install	Yes	Yes	
Building Supply and Install	Yes	Yes	

*An Australian entity is an entity with an ABN or ACN

Project standards:

Australian

International

OZ Minerals' Engineering Standards are technical specifications that will not preclude Australian suppliers.

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Matthew Hender
Contact person position Lead - Commercial
Phone number 0411249353
E-mail matthew.hender@ozminerals.com

Project proponent website: www.ozminerals.com

Project opportunities website: <https://gateway.icn.org.au/>

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities
- Directly contact suppliers with information on project opportunities and bid processes

Building Australian industry capability

Supplier capability development actions:

- Support supplier development initiatives of industry associations or governments
- Develop partnerships with industry

Global supply chain integration actions:

- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

OZ Minerals will put processes in place so that suppliers can seek feedback to unsuccessful bids, whilst ensuring that confidential information is not provided inappropriately. The feedback will include shortcomings of any proposals to improve their understanding of tendering requirements and competition in their service offerings and the opportunity to be offered feedback will be included in correspondence advising if a contractor has been unsuccessful.
