Australian Industry Participation Plan Summary - Project Phase

Nominated project proponent: The Trustee for BCWF Unit Trust

Project details

Name: Boulder Creek Wind Farm

Location: West of Mt Morgan, east of Westwood, Queensland

Type: Electricity facility

Purpose: Establish new facility

Capital expenditure: \$500 million - \$1 billion

Description: The project is located west of Mt Morgan and east of Westwood, about 35km SW of Rockhampton in Queensland. It is a wind power project consisting of up to 60 wind turbine generators and associated infrastructure (including access tracks, underground and overhead powerlines, an electricity substation and operations and maintenance facilities). As of May 2022 the project is in the final stages of securing its planning and environmental approvals, with the State Assessment and Referral Agency of QLD, and the Commonwealth Department of Agriculture, Water and Environment, respectively. Once these approvals are in place the project is expected to commence preliminary engineering design enabling procurement processes to commence.

Completion date: 31 Dec 2024

Key goods and services

Indicative list of key goods and services to be acquired for the project:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
supply and installation of wind turbine generators	Yes	Yes	
supply and installation of steel towers for wind turbine generators	Yes	Yes	
civil engineering design services	Yes	Yes	
site preparation, earth moving, track formation including cable trenching	Yes	Yes	
excavation, preparation, formwork and steelwork and pouring turbine footings	Yes	Yes	
operations and maintenance buildings and footings for transformers, switchgear	Yes	Yes	
electrical engineering design services	Yes	Yes	
LV cable design and installation	Yes	Yes	
HV design and installation	Yes	Yes	
substation/s and switchyards	Yes	Yes	

* An Australian entity is an entity with an ABN or ACN

Project standards:

Australian
International

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Michelle Willis-Davis
Contact person position Finance & Admin Manager
Phone number 0284567402
E-mail info@epuron.com.au

Project proponent website: Until the project has a proponent for procurement and construction, general information on the project is available at www.bouldercreekwindfarm.com.au; and www.epuron.com.au/wind/bouldercreek

Project opportunities website: Project information will be updated from time to time on the project website - <https://epuron.com.au/wind/bouldercreek/> or www.bouldercreekwindfarm.com.au. When the procurement entity is known, the website will be updated with procurement information.

Supplier engagement and communication actions :

Promote project opportunities through industry associations
Engage with vendor identification agencies on project opportunities and bid processes
Conduct supplier information briefings on project opportunities and bid processes
Issue media releases or ASX announcements on project developments and opportunities

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Encourage joint ventures and alliances between suppliers

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners
- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

The procurement entity/ies will offer feedback to unsuccessful Australian bidders for the project. Feedback will include relevant training, skills, capability and capacity development. When the procurement entities notify unsuccessful suppliers, opportunity for feedback will be offered.

Australian Industry Participation Plan Summary - Operations Phase

Nominated facility operator: The Trustee for BCWF Unit Trust

Facility details

Name: Boulder Creek Wind Farm

Location: West of Mt Morgan, east of Westwood, Queensland

Type: Electricity facility

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

Key goods and services	Opportunities for Australian entities*	Opportunities for non-Australian entities	Explanation for no opportunities for Australian entities
ongoing civil maintenance	Yes	No	
maintenance of wind turbine generators	Yes	Yes	
supply of ancillary goods and services eg	Yes	No	
personnel support services			
general operations and maintenance services	Yes	No	

*An Australian entity is an entity with an ABN or ACN

Facility standards:

International

Supplier information and communication

Facility operator's contact person for supplier enquiries:

Contact person name Michelle Willis-Davis
Contact person position Finance & Admin Manager
Phone number 0284567402
E-mail info@epuron.com.au

Facility operator website: Until the project has a proponent for procurement and construction, general information on the project is available at www.bouldercreekwindfarm.com.au; and www.epuron.com.au/wind/bouldercreek

Facility opportunities website: The relevant web address is www.bouldercreekwindfarm.com.au. As the project moves closer to procurement we will add a page for potential suppliers, with contact details to enable companies to register their interest. When there is a procurement entity the suppliers' page will be updated with information related to the procurement process.

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Issue media releases or ASX announcements on project developments and opportunities

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Support supplier development initiatives of industry associations or governments

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners
- Provide references for high performing suppliers

Feedback process for unsuccessful bidders:

The procurement entity/ies will offer feedback to unsuccessful Australian suppliers for the project. Feedback will cover areas such as relevant training, skills, capability and capacity development. Opportunity for further feedback will be offered.
