**Nominated project proponent:** NEWCREST OPERATIONS LIMITED

## Project details

Name: Havieron Project

Location: Telfer, WA

Type: Mine or quarry

Purpose: Upgrade existing facility

Capital expenditure: \$ 529,000,000

Description: The Havieron Project (the Project) is located 45km east of Newcrest's existing Telfer operation (Paterson Province) and is the target of a Newcrest operated farm-in joint venture with Greatland Gold. The Feasibility Study is expected to be completed in the December 2022 quarter. Newcrest has adopted a staged approach to the evaluation and development of Havieron aiming to deliver early production and cash flows from the project while work continues to define potential resource additions and assess growth targets. A number of initial early procurement packages for project management support services, early works scopes, long lead equipment items have been identified that may advance to market engagement tendering during the Feasibility Study period.

Completion date: TBA
