Disclaimer: The information provided in the table above is based on an initial assessment by the company. Any questions or issues should be raised with the project contact.

- Australian standards and certifications will be required for the key goods and services in this project.

3. Communicating and providing opportunities

- Project website OR Project supplier portal
- Public announcements
- Media releases – industry magazines
- Social media
- Workshops/industry briefings
- Promote opportunities to Australian industry in the early stages of the project, including information on how to prequalify
- Make tender documents available to all possible suppliers at the same time
- Allow reasonable and equal time for submissions/responses
- Conduct workshops that provide sector specific information on how to prepare bids against tenders including information on how to prequalify
- Create, publish and distribute an AIP policy
- Establish reporting requirement that shows how the AIP plan has been implemented
- All tenders from Australian and overseas suppliers will be assessed on the same basis
- The organisation will ensure all AIP plan obligations will flow down to contractors and subcontractors

4. Facilitating future opportunities

- Provide advice to project suppliers on strategies and activities to undertake to be considered for inclusion in domestic and international supply chains
- Transfer product and process technology, and organisational know-how, to project suppliers

- Assist participation in local, regional, national, international trade fairs to build awareness of Australian capability
- Provide references for high performing suppliers
- Provide unsuccessful tenderers with appropriate feedback to encourage future performance

5. Implementation resources

- The organisation will record and/or retain evidence to demonstrate implementation of the approved AIP plan
- Develop systems to monitor and report on the extent of Australian industry participation
- Develop systems to identify and report any variations in AIP plan activities
