| Services - Site Compound and Associated Buildings | Yes | No | |
| Service: Foundation Installation | Yes | No | |
| Services: Electrical Installation | Yes | No | |
| Services: MV transmission Line Construction | Yes | No | |
| Service: Cranage / Wind Turbine Erection | Yes | Yes | |
| Services: Transport / Logistic - Inland | Yes | No | |
| Services: Transport - Marine | No | Yes | Specialist shipping companies based overseas |
| Services: Metrological Masts | Yes | No | |

* An Australian entity is an entity with an ABN or ACN

Project standards:

Australian

WTG's are designed as a global product and use the International Electrotechnical Commission (IEC) Standards. WTG's are will be modified to comply with mandatory Standards such as AS3000 and AS1657

Supplier information and communication

Project proponent's contact person for supplier enquiries:

Contact person name Peter Logan
Contact person position Operations Director - NACAP
Phone number 0448877338
E-mail p.logan@nacap.com.au

Project proponent website: <https://cwprenewables.com/our-projects/uungula-wind-farm>

Project opportunities website: 'The three proponents of the Joint Venture will have links from the below once set up.
'<https://cwprenewables.com/our-projects/uungula-wind-farm> 'Register Interest' section

Supplier engagement and communication actions :

- Promote project opportunities through industry associations
- Engage with vendor identification agencies on project opportunities and bid processes
- Conduct supplier information briefings on project opportunities and bid processes
- Develop and distribute a supplier information guide for the project

Building Australian industry capability

Supplier capability development actions:

- Recommend suppliers undertake training and/or accreditation
- Provide market intelligence to suppliers

Global supply chain integration actions:

- Introduce suppliers to global supply chain partners

Feedback process for unsuccessful bidders:

GE will, where practical, conduct review meetings with suppliers and subcontractors to discuss the tender performance. Supplier strengths will be identified and encouraged. Supplier weaknesses will also be identified and, where appropriate, remedial action will be recommended to improve standards. Feedback will be provided to potential suppliers and subcontractors which are unsuccessful in their responses to tender packages to encourage improved performance in future tenders. CPP and Nacap will provide feedback via email or phone. Feedback will be provided to potential suppliers and subcontractors which are unsuccessful in their responses to tender packages to encourage improved performance in future tenders.

Australian Industry Participation Plan Summary - Operations Phase

Nominated facility operator: Ungula Wind Farm Pty Ltd

Other facility operator(s):

GE Renewable Energy Australia Pty Ltd

Facility details

Name: Ungula Wind Farm

Location: Twelve Mile Road, Wuuluman NSW 2820

Type: Other productive facility

Key goods and services

Indicative list of key goods and services to be acquired for the new facility:

| Key goods and services | Opportunities for Australian entities* | Opportunities for non-Australian entities | Explanation for no opportunities for Australian entities |
|--|--|---|--|
| Goods: Replacement Mechanical and Electrical Parts | Yes | Yes | |
| Services: Engineering Consultants | Yes | No | |
| Services: Cranage | Yes | No | |
| Services: Electrical and Mechanical Technicians | Yes | No | |
| Services: Transport / Logistic services - Inland | Yes | No | |
| Services: Transport - Marine | No | Yes | Specialist shipping based overseas |
