Dear Director,

Investigation No. 692 concerning certain welded steel mesh sheets exported from China and Malaysia

Response to Statement of Essential Facts

As part of the Jennmar organisational group, Dynamic Mesh & Wire Industries Sdn Bhd (**DMW**) is an exporter of certain welded steel mesh sheets the subject of Investigation No. 692 (**INV 692**). DMW primarily manufactures and exports welded steel mesh sheets for use as ground support in underground mining operations.

DMW has reviewed the recently published *Statement of Essential Facts (SEF 692)*,¹ and notes with relevance the Commissioner's recommendation to terminate the dumping investigation in respect of the goods exported to Australia from Malaysia on the basis that there was no dumping or negligible dumping during the investigation period.²

DMW expresses its full support for this recommendation, and requests that the termination be formalised as soon as practicable.

FOR AND ON BEHALF OF

Dynamic Mesh & Wire Industries Sdn Bhd
