PUBLIC RECORD

Attachment D: SGS factory audit report (public summary)

Investigation 691: Aluminium windows and doors exported from the People's Republic of China
Submission by: Foshan Watte Intelligent Doors and Windows Co. Ltd, lodged by Susan Danks Tariff Consulting Pty Ltd on its behalf

Attachment D is an on-site factory audit report on Watte by an independent inspection body. It contains Watte's confidential commercial information, including staffing, equipment, customers and output, and is lodged on a confidential basis. This summary describes what it shows.

Report details

Report	Audit Report QIP-ASI261852 (initial audit), 20 pages
Auditor	SGS-CSTC Standards Technical Services Co., Ltd, a member of the SGS Group
Audit date	21 July 2026

What the report shows

1. *Company identity.* Watte is a limited company registered under Unified Social Credit Code 91440605MA53YEXH1N, established on 29 October 2019, with its factory in Shishan Town, Nanhai District, Foshan, Guangdong Province.
2. *Products.* Watte's main products are electric skylights, automatic sunrooms and lifting windows.
3. *Manufacturing.* Watte manufactures its products itself. The audit records a production workflow of raw material, cutting, CNC machining, drilling, welding, polishing, assembly and packing.
4. *Design.* Watte has its own research and development staff and holds utility model patents, including for sliding, horizontal lifting and overlapping skylight structures.
5. *Quality.* Watte holds ISO 9001:2015 quality management certification.
