FOSHAN NANHAI EDUCE HOME FURNISHING TECHNOLOGY CO.,LTD

ADDRESS:Room 30, Unit 101, Baihong Building, No.77 Lingnan South Road, Dali Town, Nanhai District, Foshan City, Guangdong Province, P.R.China

Submission in response to the Statement of Essential Facts Investigation 691 – Aluminium windows and doors from China FOSHAN NANHAI EDUCE HOME FURNISHING TECHNOLOGY CO.,LTD

1. Introduction This submission is made by FOSHAN NANHAI EDUCE HOME FURNISHING TECHNOLOGY CO.,LTD (“the Company”), exporter of aluminium windows and doors to Australia. Investigation period: 30 June 2024 to 1 July 2025.

2. Background The Company received the exporter questionnaire for Investigation 691. Due to internal administrative oversight, we missed the questionnaire submission deadline. This is an accidental error, not a deliberate refusal to cooperate or withhold information.

3. Export activity in the investigation period We have fully checked our financial, shipping and customs records. The Company only has two export shipments of aluminium windows and doors to Australia during the investigation period. Attachment A (Export Sales Schedule) and Attachment B supporting documents for these two shipments are still being compiled, cross- checked and formatted. We seek an extension of time to lodge

these supporting attachments upon completion. We confirm there are no further export transactions for the relevant investigation period.

4. We respectfully request the Commissioner refrain from applying adverse facts available (AFA) against our company. We have disclosed all export transactions we identified for the investigation period, with complete supporting documents for verification **to be provided in due course**..

5. Future review We note the Commission’s advice: if anti-dumping measures are imposed, we may apply for an accelerated review (ATRC1) to apply for an individual exporter duty rate. We will evaluate this option at that time.

6. Verification We confirm all information is true and complete, and we accept the Commission’s verification of our records.
