CERTIFICATE OF APPROVAL No 4/5/5

This is to certify that the approval granted by the Commission on 13 March 1975 under the Weights and Measures (Patterns of Instruments) Regulations, and described in Certificate No 4/5/5, for the

— J.H. Tip Serve Liquor Dispenser

will expire on 31 December 1975.

The approval has been limited because the instrument is over-sensitive to operator skill and/or an excessive number of production models submitted for verification have been rejected on metrological grounds.

Signed

Executive Officer
