

NATIONAL STANDARDS COMMISSION

CERTIFICATE OF APPROVAL No 6/10B/102

Approved: Fairway Weighbridge

This is to certify that the pattern and variants of the abovementioned weighing instrument have been approved under the Weights and Measures (Patterns of Instruments) Regulations as being suitable for use for trade when converted to read in metric units in accordance with Appendix 8 of the General Specifications for Measuring Instruments to be Used for Trade.

Date of Approval: 22 February 1974

Description of Pattern:

The pattern is of a self-indicating weighing instrument which comprises a basework consisting of four straight main levers, two longitudinal transfer levers and one transverse transfer lever, coupled to a five-unit-weight self-indicating headwork. The resistant is a double-pendulum type, with floating fulcrums.

The pattern and variants may be identified by reference to the following approval numbers:

South Australia	Approval Nos 108, 120, 143, 218
Victoria	Approval Nos 114, 150, 214, 217, 256, 308, 323, 450, 472, 569, 598
Western Australia	Approval No 284

Conditions of Approval:

1. This approval is subject to review on or after 31 December 1975 to determine the extent to which the pattern may need to be modified to comply with the Commission's pattern approval requirements at the date of review.
2. All instruments conforming to variants in accordance with this approval shall be marked "NSC No 6/10B/102".
