

NATIONAL STANDARDS COMMISSION

CERTIFICATE OF APPROVAL No 6/9C/151

Approved: Avery Platform Machine 3205 CLE with rapid tare device

This is to certify that the pattern of the abovementioned instrument has been approved under the Weights and Measures (Patterns of Instruments) Regulations as being suitable for use for trade when converted to read in metric units in accordance with Appendix 8 of the General Specifications for Measuring Instruments to be Used for Trade.

Date of Approval: 12 July 1977

Description of Pattern:

The pattern may be identified by reference to Figure 1 or to an instrument bearing a current verification stamp.

Conditions of Approval:

1. This approval is subject to review on or after 31 January 1978 to determine the extent to which the patterns may need to be modified to comply with the Commission's pattern approval requirements at the date of review.
2. All instruments conforming to this approval shall be marked "NSC No 6/9C/151".

Signed
