

# NATIONAL STANDARDS COMMISSION

## CERTIFICATE OF APPROVAL No 8/111

Approved: McDonald Farm Milk Tank

This is to certify that the pattern and variants of the abovementioned instrument have been approved under the Weights and Measures (Patterns of Instruments) Regulations as being suitable for use for trade when converted to read in metric units in accordance with Appendix 9 of the General Specifications for Measuring Instruments to be Used for Trade.

Date of Approval: 7 June 1974

### Description of Pattern:

The pattern is of a vertical stainless steel cylinder with bottom sloped to the outlet and four adjustable legs. The bottom plate is refrigerated and the whole tank insulated.

The pattern may be identified by reference to Victorian Notices of Approval Nos 572 and 618.

### Conditions of Approval:

1. This approval is subject to review on or after 31 December 1975 to determine the extent to which the pattern and variants may need to be modified to comply with the Commission's pattern approval requirements at the date of review.
2. All instruments conforming to this approval shall be marked "NSC No 8/111".

Signed

Executive Officer
