CONDITIONS OF APPROVAL

This approval is subject to review on or after 1/10/91.

This approval expires in respect of new instruments on 1/10/92.

Instruments purporting to comply with this approval shall be marked NSC No P8/40 and only by persons authorised by the submittor.

It is the submittor's responsibility to ensure that all instruments marked with this approval number are constructed as described in the drawings and specifications lodged with the Commission and with the relevant Certificate of Approval and Technical Schedule. Failure to comply with this Condition may attract penalties under Section 19B of the National Measurement Act and may result in cancellation or withdrawal of the approval, in accordance with the Commission's Document 106.

The Commission reserves the right to examine any instrument or component of an instrument purporting to comply with this approval.

Special:

Instruments purporting to comply with this approval shall conform with the relevant requirements of Australian Standard AS 1187-1988 for Refrigerated Farm Milk Tank-units.

The submittor shall advise the Commission prior to the installation of the first instrument in each capacity, and provide the results of all tests conducted by the relevant Weights and Measures authority.

In the event of unsatisfactory performance or of suitable test results not being received by the Commission, this approval may be withdrawn.
