National Measurement Institute

Appointment as a Verifying Authority for Reference Standards of Measurement

In accordance with Regulation 73 of *National Measurement Regulations 1999* (Cth), in force under the *National Measurement Act 1960* (Cth), the Chief Metrologist hereby appoints,

Energy Queensland Limited
(ABN 96 612 535 583)

Operating at:
Energy Queensland Limited Instrument and Standards Laboratory
524 Bilsen Road
Geebung QLD 4034

to be a Verifying Authority for the verification of reference standards of measurement under regulation 13 of the *National Measurement Regulations 1999* (Cth) for the following physical quantities:

time, frequency, temperature, electric current, potential difference and electromotive force, power, energy, electric resistance, phase angle

This appointment is for the period from 30 May 2025 to 18 June 2026 and is limited to the range specified in the attached schedule, and the use of procedures approved by the Chief Metrologist.

Dated this Thirtieth day of May 2025

Signed

James Cantrill
For Dr Richard Bruce Warrington
Chief Metrologist
National Measurement Institute

Schedule to Appointment as a Verifying Authority for Reference Standards of Measurement

Energy Queensland Limited
(ABN 96 612 535 583)

Operating at:
Energy Queensland Limited Instrument and Standards Laboratory
524 Bilsen Road
Geebung QLD 4034

Physical Quantity	Range of Standard	Least Uncertainty
Time		
• Time interval meters	from 0.1 µs to 10^4 s	0.1 ns/s
Frequency		
• Frequency meters	from 10 mHz to 225 MHz	1 in 10^{10}
• Counters	from 10 mHz to 225 MHz	1 in 10^{10}
Temperature		
• Rare metal thermocouples	from 0°C to 100°C	0.1°C
	from 100°C to 200°C	0.2°C
	from 200°C to 300°C	0.3°C
	from 300°C to 400°C	0.5°C
	from 400°C to 500°C	1.5°C
	from 500°C to 1100°C	2.0°C
• Base metal thermocouples	from -50°C to 100°C	0.1°C
	from 100°C to 200°C	0.2°C
	from 200°C to 300°C	0.3°C
	from 300°C to 400°C	0.5°C
	from 400°C to 500°C	1.5°C
	from 500°C to 1100°C	2.0°C

Phase Angle

• Phase angle indicators	From 10 mV to 300 V and 0.1 A to 100 A	
	at 10 Hz to 65 Hz	0.04°
	at 65 Hz to 1 kHz	0.05°
• Power factor meters	From 10 mV to 300 V and 0.1 A to 100 A	
	and 40 Hz to 60 Hz	0.005

Signatories

The following persons are the permitted signatories under this appointment:

Name	Physical Quantity	Range
Rai Pippia	Time, frequency, temperature, electric current, potential difference and electromotive force, power, energy, electric resistance, phase angle	as per the scope of this schedule
Robert Gold	Time, frequency, temperature, electric current, potential difference and electromotive force, power, energy, electric resistance, phase angle.	as per the scope of this schedule

Statutory Conditions

This appointment as a verifying authority for reference standards of measurement under regulation 73 of the *National Measurement Regulations 1999* (Cth) is subject to the conditions stated in regulation 77 of the *National Measurement Regulations 1999* (Cth) as amended. At the time of appointment regulation 77 contains the following conditions

(a) That the authority participate in training, related to the performance of the duties of an authority, required by the Chief Metrologist;

(b) That the authority report, as required by the Chief Metrologist, about its performance of its duties;

James Cantrill
For Dr Richard Bruce Warrington
Chief Metrologist
National Measurement Institute

36 Bradfield Road, West Lindfield NSW 2070, GPO Box 2013 Canberra ACT 2601 Australia
Telephone (61 2) 8467 3600 Facsimile (61 2) 8467 3610 www.measurement.gov.au ABN 74 599 608 295

(c) That the authority, and any responsible agent or employee of the authority, comply with the *National Measurement Act 1960* (Cth) and the *National Measurement Regulations 1999* (Cth) and any condition stated in the instrument of appointment.

(d) That the authority comply with any determinations applying to the authority under regulation 20 of the *National Measurement Regulations 1999* (Cth).

Additional Conditions

In addition to the statutory conditions of appointment of authorities contained in regulation 77 of the *National Measurement Regulations 1999* (Cth) this appointment is also subject to the following conditions:

(i) Continuing accreditation against AS ISO/IEC 17025 *General requirements for the competence of testing and calibration laboratories* in the form of NATA accreditation No. 74

(ii) The authority shall not engage a responsible agent or arrange for any standard of measurement to be verified by an agent or anyone under its supervision without obtaining the prior consent of the Chief Metrologist in writing;

(iii) Discharge of all financial obligations to the Chief Metrologist and/or the National Measurement Institute in respect of this appointment;

(iv) Compliance with the formatting and/or any other requirements of the Chief Metrologist and/or the National Measurement Institute with respect to certificates of verification of reference standards of measurement;

(v) During the term of this appointment each signatory under this appointment must attend a legal metrology seminar conducted by the Policy and Regulatory Services Section of the Legal Metrology Branch of the National Measurement Institute;

(vi) This appointment revokes and replaces any previous appointments and/or any extensions granted to any previous appointments.

Notes: This is an amended appointment due to changes to the schedule to appointment, physical quantities added to permitted signatory Robert Gold, and other minor editorial changes.
